

The Passing Parade

By HAROLD S. MAY

It is said that often a man is the victor in defeat. Victory does not go always to the winner of the first skirmish. And so it will be in the reapportionment fight which has been temporarily lost because a few men, pledged to support the cause, found it to their advantage but not necessarily to their peace of mind, to switch their votes in the House of Representatives last Friday to halt for the time being the progress of Alabama. But in the present stalemate when even the most ardent supporters of reapportionment see the battle lost, Senator Bert Hallom has won a great victory that should lead to many more successful battles. Today, he is known state-wide as a fighter for what he thinks is right for the majority of our people and for the state as a whole. His name has been on the tongues of the thinking people of the state who see in him a leader who must be reckoned with in the future. Yes, Bert Hallom has already won a worthwhile victory for himself, his county and certainly, someday, for his state. The present battle is not lost as yet, even though there are dark clouds on the horizon.

Some guys are like blotters: They soak up everything but get it all backwards.

From where we view proceedings, we see a most interesting race for City Commissioner. Already announcements are being made for the September count-down and more are to come. To serve our city on its present governmental set-up, requires men of dedication and today we find men of that calibre entered or preparing to enter the race. It is regrettable, however, that at this same time we are not allowed to cast a ballot for the revamping the archaic system by which Florence is governed. The time is certainly here when we should change to a full-time mayor and two full- or part-time associate commissioners to meet the need of this modern, fast-growing community. Such a change would be a most profitable move, as we see it.

Place of employment is where you go to rest after your vacation.

A group of small children were discussing the manner of their arrival in this vale of tears. One boy said that his parents had bought him in the department store, another claimed the stork brought him while another said that the doctor brought him in a little black bag. Then the smallest of the lot, after a pause, spoke up: "My folks were too poor to buy me, I was homemade."

Most men need two women in their lives—a secretary to take things down and a wife to pick things up.

A man came out to install a new TV in a home in the far reaches of the county. "Now this," he said, "pointing to the antenna, will have to go on the roof." The lady of the house turned to her husband: "Just as I told you. One thing leads to another. Now we have to put a roof on the house."

The Muscle Shoals district has been removed from the list of distressed areas. Had you noticed the change?

One of the most difficult instruments to play well is second fiddle.

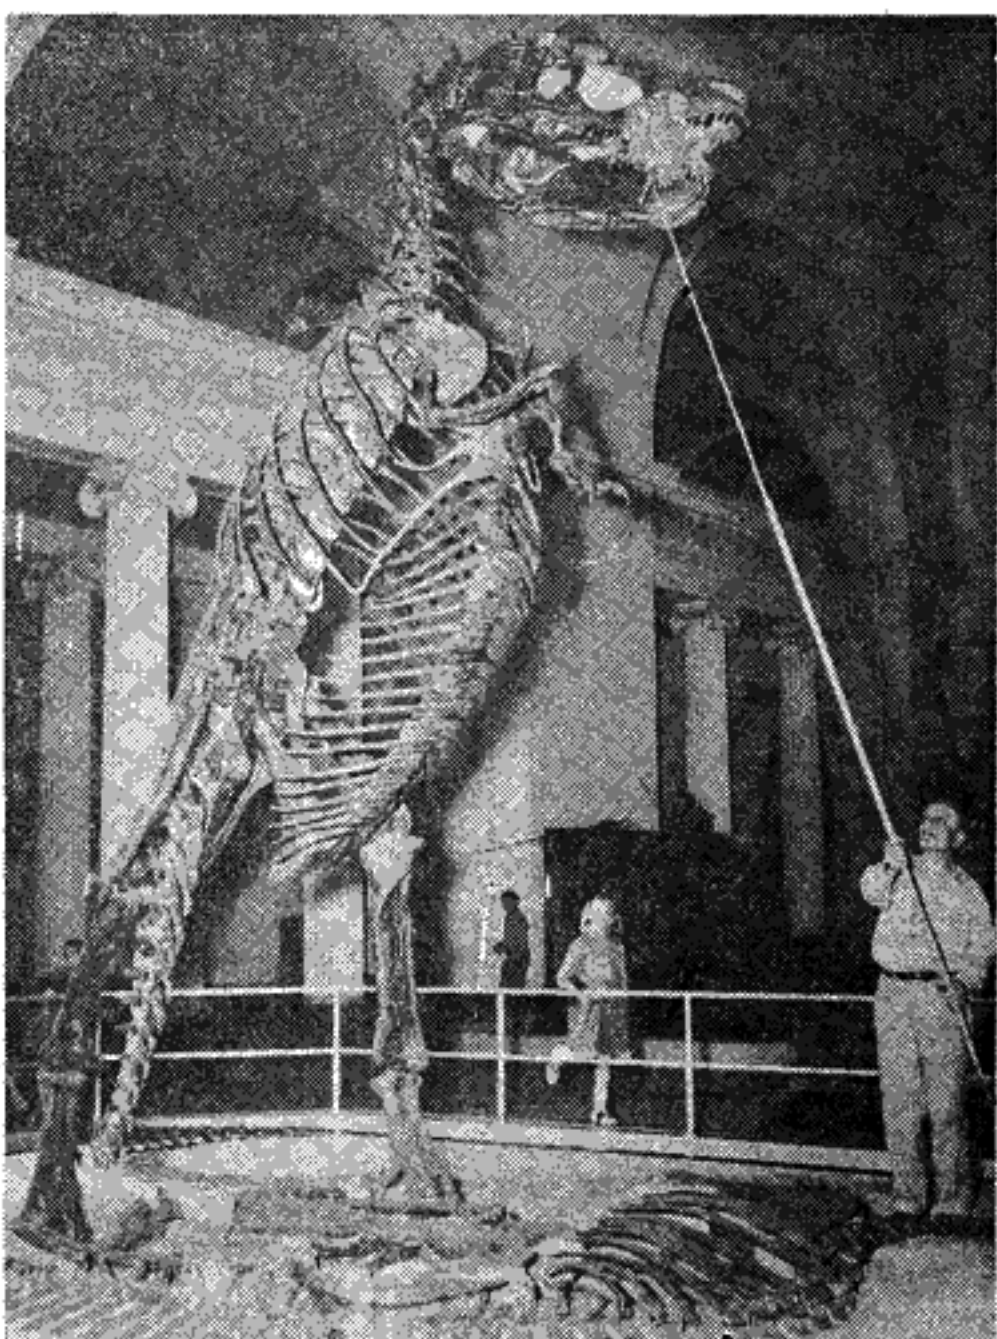

The exhausted husband was met at the door by the little wife who was all dressed up like Mrs. Astor's pet poodle: "Darling, we will have to eat supper out tonight. The electricity failed." Taken aback but finally finding his voice, he protested: "But, Sweet, our stove is a gas range." "Yes, I know, dear, but remember our can opener is electric!"

It's much better to sit tight than to drive that way.

Figure it out for yourself. Take your age, multiply by 2, add 5, multiply by 50, subtract 365, add the loose change in your pocket under a dollar, then add 115. The first two figures in the answer are your age and the last two are the change in your pocket. Try this during one of the TV commercials to kill time between episodes.

If super market shopping carts were equipped with rear view mirrors, fewer shoppers would wear slacks.

Tell a girl that time stands still when you gaze into her eyes—and she adores you. But tell her that her face would stop a clock and you have to head for the nearest exit.

FROM ANOTHER AGE—The bunch of bones above once belonged to a fearful creature—the gorgosaurus—which roamed the earth about 75 million years ago. But things hanging around that long get dusty, so Steve Kovar uses a feather duster on this specimen in Chicago Natural History Museum collection.

Men May Retire At Age 62

Social Security Bill Passes Senate Monday

President Kennedy's Social Security bill passed unanimously Monday after Democratic leaders agreed to bring up a medical care for the aged measure later this year.

The bill passed by a 90-0 vote would allow men to retire at age 62, increase minimum monthly payments from \$33 to \$40, increase widows benefits and add 160,000 to the benefit payroll.

An amendment offered by some Republicans which would have provided medical care for persons over 65 was dropped when it was found that a bill to this effect would be considered at a later date.

Some were surprised that a medical care program would be offered before 1962 but Clinton P. Anderson (D-N.M.) sponsor of such a program announced that the House Ways and Means Committee would begin hearings on it around July 15 and complete them by the end of the month. He said he had strong hopes that Congress would deal with the bill before the end of the session.

The Social Security bill passed by the Senate on Monday was somewhat different from the House bill passed earlier but it now goes to a joint Senate-House committee to iron out the differences.

The increased benefits would be financed by a boost in the Social Security payroll tax of 1/8 of one per cent on each employer and employee and 3/16 of 1 per cent on the self-employed. The tax would become effective January 1, 1962. The foregoing key provisions were in both the Senate and House bills. The increase to \$40 in the minimum payments would affect the monthly checks of about 2,175,000 people.

The 62 year retirement age is already in effect for women and men taking advantage of the new clause would receive 80 per cent of the benefit he would receive if he waited until age 65.

Widows benefits are increased from 75 to 82 1/2 per cent of the husband's payments under the new bill.

Bolling Elected American Legion Post Commander

Howard F. Bolling, state probation and parole officer serving the Muscle Shoals area, was elected commander of Florence-Lauderdale Post No. 11, American Legion at the Legion Home last Thursday night. He will succeed Lavern Tate as Legion leader following installation ceremonies Thursday night, July 14.

Other officers elected to serve with Commander-elect Bolling are John H. Smith, senior vice-commander; Pat Maloney, junior vice-commander; Grady Richards, historian; Walter D. Banks, chaplain; James Morris, sergeant-at-arms and Thomas Redding, assistant sergeant-at-arms.

The membership adopted a resolution urging that a bomb-proof shelter be incorporated in the new court house it being pointed out that federal money was available for such an installation.

Two proposed changes in the constitution and by-laws of the post were shelved by a unanimous vote.

Hickman Enters Commission Race

Local Businessman Announces Intentions Of Seeking Post Sept. 18

Howard Hickman, well-known Florence businessman, today announced his intentions of qualifying for membership on the City Commission subject to action of the voters in the municipal election Monday, September 18. He stated that he will file his qualification papers when the qualifying period is opened.

Mr. Hickman, who is owner of the Hickman Advertising Company, and has operated his business at 234 South Royal Avenue for the past 10 years, for the previous 14 years owned and operated a wholesale food business.

Always active in civic work, Mr. Hickman has been a member of the Florence Planning Commission for the past seven years and currently is serving as chairman of that body. His able work in this important phase of civic work has been repeatedly praised.

Since 1923, Mr. Hickman has given much of his spare time to Boy Scout work, one of his particular interests, and served as District Chairman in 1949. He has also served as troop committee member, chairman of troop committee and institutional representative. He is a member of the Kiwanis Club and served as club president in 1951. (He is very proud of his 17 years of perfect attendance.)

A Mason for the past 20 years, Mr. Hickman is an active and valuable member of the Muscle Shoals Shrine Club and has taken a leading part in the splendid charitable efforts of the organization. His interests also have centered about the Y.M.C.A. prior to moving to Florence and Little League baseball is also one of his favorite organizational efforts.

Other civic activities include the Chamber of Commerce, Salvation Army, United Fund and Red Cross drives, chairman of the Multiple Sclerosis drive for Florence in 1960 and for the Muscle Shoals area in 1961.

Mr. and Mrs. Hickman and their two children live at 1819 Tuna Avenue and they are members of the Presbyterian Church.

In announcing his entry in the race for City Commissioner, Mr. Hickman said he feels, as the result of his long years of experience in civic affairs and his love for Florence that he is qualified to serve as a member of the Board of City Commissioners. He feels most sincerely that he can render a service to the people of our city and pledges, if elected, to be on the alert to render a progressive and (Continued on Page 2)

Patterson Urges Governors Fight For States Rights

Calls Use Of Federal Marshals In Alabama "Federal Almightiness"

Gov. John Patterson called on the nation's governors this week to stand their ground and halt the spread of federal encroachments. "The authority of the States is continually challenged by a policy of superseding federal authority," the governor charged. "If the present trend continues, the States will shortly be reduced to the status of mere 'counties' in a federal system."

Gov. Patterson spoke out strongly in defense of the State during the annual National Governors Conference at Honolulu, Hawaii, which is meeting here this week. He is a member of the conference's committee on federal-State relations.

The Alabama chief executive cited the use of federal marshals in Alabama as an example of unwarranted federal intervention in State affairs. The problem is not just Southern in nature, he said, but one confronting every State.

In a 20-page prepared speech, Gov. Patterson ripped into what he called "federal almightiness." He reviewed the circumstances of the disorders in Alabama and urged other States to "take full cognizance" of federal intervention. "If the forces of the federal government can be sent into my State, they may also be dispatched into any of the other 49 with equal disregard for all State law."

The Alabama governor accused the federal government of offering "official encouragement" to the so-called freedom riders and giving them "implied sanction" to break State laws "under the cloak of interstate commerce immunity." He called the federal position on race relations "disturbing and distressing."

"The U. S. Attorney General is demonstrating a schoolboy's innocence in his actions," Patterson said. "I believe the South is being unfairly chastised," he said.

Vice President Of Romania In City

Dignitary Is Guest Of TVA; Visits Test Farms In Lauderdale

Vice President Alexander Moghioros of Romania and a number of his countrymen arrived in Florence by chartered bus Sunday for a three day stay during which time they visited the TVA chemical operations and a number of test farms in Lauderdale County. While in Florence they occupied the executive suite at the Holiday Inn.

Mr. Moghioros is in this country primarily to study chemical farming and was conducted on the tour of county farms by County Agent L. T. Wagoner and members of the extension staff.

The visitors left Florence on Tuesday for Huntsville and from there will proceed to Kansas City.

Miss Gail Hershey is a student at the University of Colorado.

Communities To Form Natural Gas District

The Board of Directors of the East Lauderdale County Gas District met at Rogersville Thursday night for their first meeting, which was presided over by Charles T. Hardy, President of the Board and member of the town council at Rogersville.

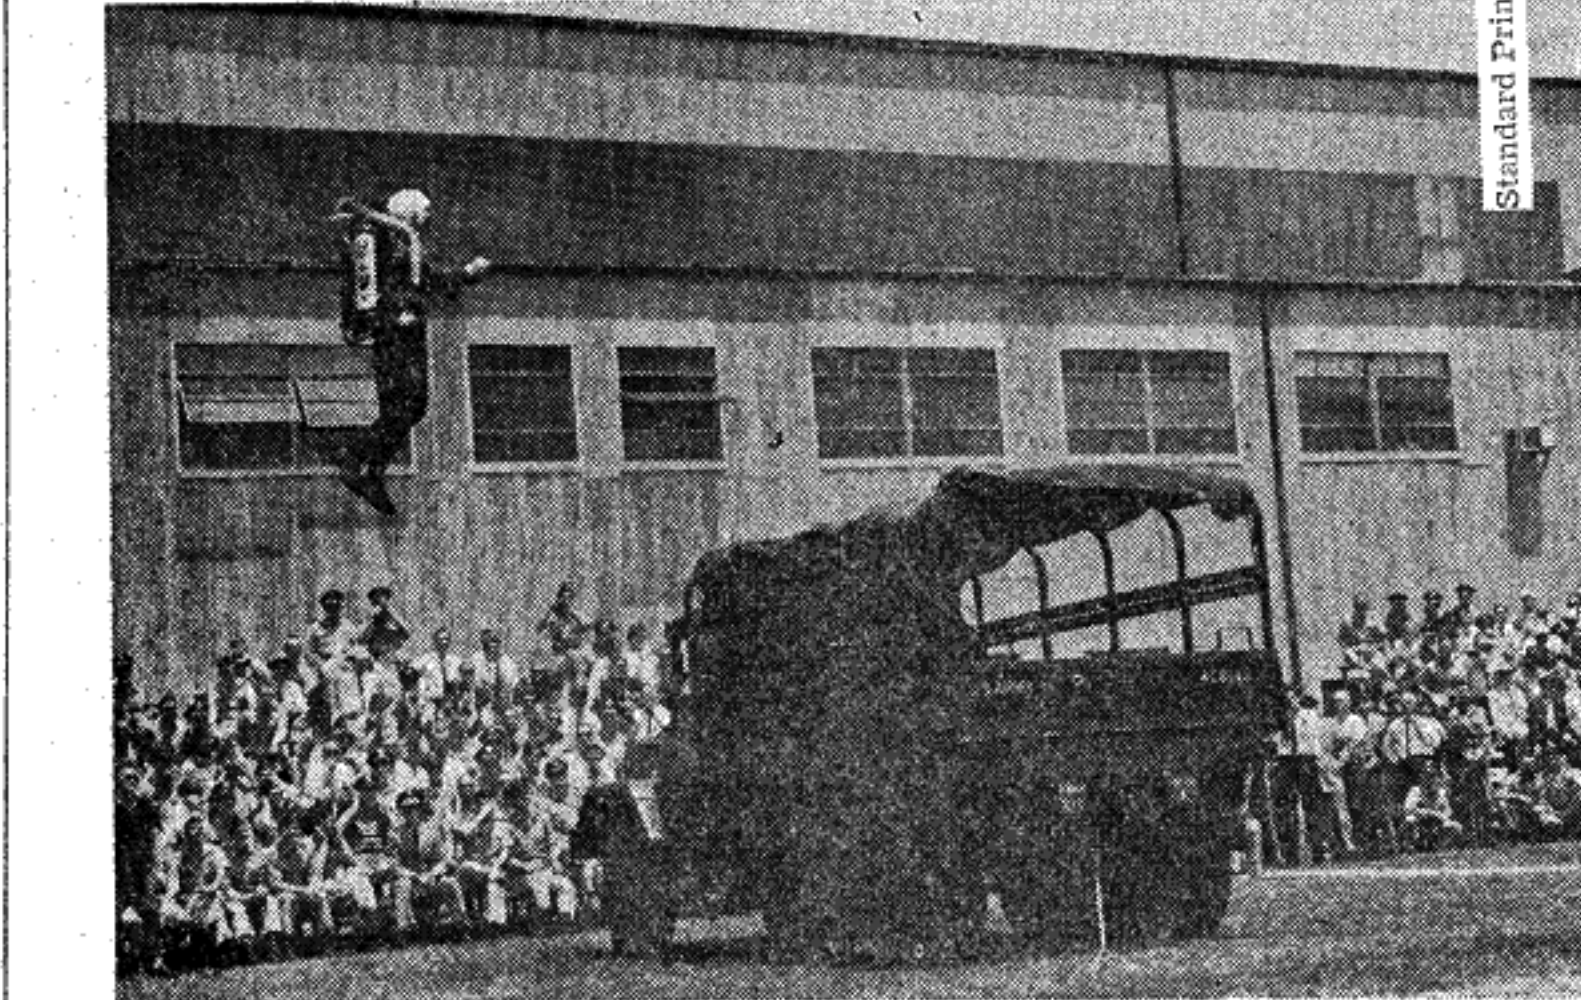

The three towns of Rogersville, Killen and Lexington all of which are incorporated have joined together to form this natural gas district which will encompass all of the area from the Florence city limits east to the Limestone County line and from Wilson Lake, north to the Tennessee line.

Other directors to head up the district in addition to Hardy include Larry L. Gaudney, Mayor of Killen, vice-president of the Board and Charles P. McMeans, Lexington banker, secretary-treasurer.

Paxton-Alexander of Sheffield, engineering firm, was given authorization to proceed with the field survey and house to house contacts to begin development of the large natural gas district.

W. M. Paxton, Jr., said "the district is set up to produce the effort needed to get gas to these three towns and the outlying areas of the county." He further advised that the firm of Broadnax and Knight of Birmingham would serve as fiscal agents. Preliminary planning was being undertaken following Thursday night's session.

The gas lines themselves will cover all the "built-up" or "populous" areas which can be served, according to Paxton, who indicated the exact area would be made known following the surveys and house-to-house contacts.

DEMONSTRATING THE "FLYING BELT"—Using the experimental Small Rocket Lift Device (SRLD), believed to be the first portable rocket equipment to carry man in individual controlled free flight, a test engineer soars over a truck during the recent Project Mobility demonstrations at Ft. H. F. Koonce In Commission Race

Florence Businessman, Justice Of The Peace Asks Support Of Voters

Herbert F. Koonce, well-known Justice of the Peace and businessman of Florence, today announced his intentions of entering the race for City Commissioner subject to the action of the voters in the municipal election Monday, September 18. As soon as the qualifying period is opened, Mr. Koonce will complete the necessary papers, he says.

A native of Lauderdale county, Mr. Koonce has been associated in the business affairs of Florence and Lauderdale county in numerous ways. He served as chief clerk in the office of the Probate Judge for a number of years and then entered the lumber and construction business, serving as bookkeeper and superintendent of local lumber yards. His work included the construction of such buildings as Central High School, Mars Hill Bible School, Oakland Junior High School, numerous residences and other structures.

His early career took him into the teaching profession in the county schools and later, for ten years, he was field representative of the Federal Land Bank and secretary-treasurer of the National Farm Loan Association. Still later he was engaged as an accountant with Reynolds Metals Company rising to the position of head bookkeeper. In 1950, he left Reynolds to return to the lumber and building industry.

A few years ago, Mr. Koonce retired from active business but sought and received an appointment as Justice of the Peace, and, today, maintains his office at 104 Short Court Street.

In announcing his intentions to seek the commission post, Mr. Koonce said that he felt that his business knowledge and experience acquired over the years qualify him for the office he seeks and if honored with election and (Continued on Page 2)

Restoration Of Traffic At Wheeler Is Rushed

Paul Lewis Named Exchange Leader

Dr. William S. Bradley, A. W. Darby, Jr., Elected Vice Presidents Tuesday

S. Paul Lewis, 2107 Chickasaw Drive, who has been connected with TVA for a number of years, was installed as president of the Florence Exchange Club at Hotel Reeder Tuesday noon to serve for the ensuing year. Mr. Lewis had previously served as first and second vice president as well as several terms on the board of control. Voted in the work of the club, he has given much of his time and talent to the various projects of the club.

Other officers who will serve with President Lewis are Dr. William S. Bradley, first vice-president; A. W. Darby, Jr., second vice-president; William E. Batson, secretary-treasurer, and the following members of the board of control: Wallace Stanfield, Sam Streater, Harry Hall and Jack Parkhurst.

John Darby, son of the retiring president, was a guest.

The club voted to observe the Fourth of July by not holding its regular meeting next Tuesday.

Dinner guests of Mr. and Mrs. Arthur E. Bailes in Rogersville on Sunday were Mr. and Mrs. Truett R. Bailes. Mrs. Bailes is the former Evelyn Rice.

L. J. Van Mol, TVA General Manager, said Sunday, plans for emergency transfer of river cargoes over and around Wheeler Dam during the period of the Wheeler lock outage have been completed except for details and the work of placing them in operation.

TVA navigation officials and engineers have been in consultation with shippers and barge line operators to establish emergency methods for continuing the freight movements over or around the dam. The following arrangements have been made:

Grain
TVA is now in the process of building a road around the north end of Wheeler Dam, to be ready in about 10 days, for use in trucking grain around the dam. The grain will be unloaded from barges at the shore below the dam by clam-shell buckets, trucked to a dock above the dam where a conveyor belt will carry the grain to waiting barges.

In the meantime, TVA has rented from Cargill, Inc., Minneapolis, Minn., a "marine leg," a water-borne elevator conveyor which can be used in lifting grain out of a barge below the dam, over the dam, and into a barge above the dam. The equipment is now en route by river and is expected to be in operation by July 17.

A second "marine leg" is being purchased by TVA to be assembled at Wheeler Dam and put into operation in late August.

BULLETIN

Confronted with a House resolution which would give legislators a two-weeks holiday vacation with pay, the Senate finally approved it 20 to 14. The vacation period will end on July 11. Voting for the "with pay" vacation were: Archer, Crawford, Farmer, Gaither, Godfrey, Graham, Haltom, Hines, Jones, Leonard, Mises, Porter, Roberts, Rutledge, Turner, Webb, Wilson, Word and Wyatt. Voting against the resolution were: Andrews, Barnett, Berryman, Caffey, Clark, Cooper, deGraffenreid, Dumas, Eddins, Givhan, Green, Kendall, Robison, Samford and Shelton.

The Haltom reapportionment bill, killed in the House last Friday by a 59-44 vote, was reported out of committee Tuesday and landed on the Senate calendar with the redistricting bill. Since the reapportionment bill was reported out first, opponents of the redistricting bill tried to get it shoved back into committee but the Senate adjourned before this could be done and both stayed on the calendar.

Haltom joined with Sen. Ryan deGraffenreid in a move to out-law reading of the Senate journal at length and the Senate rules were changed. The move came just as opponents of the redistricting bill which chops up the Fourth Congressional District were prepared to read House-passed bills at length in an attempt to keep it off the calendar.

DeGraffenreid asked Albert Boutwell, the Senate's presiding officer to declare their requests out of order and Boutwell sustained, stating that he agreed with deGraffenreid and that he could find nothing in the constitution or Senate rules which required "at length readings" of bills when introduced or when returned to the floor from committee.

The lieutenant governor said the Senate had many bills before it and "it's necessary that we get down to work to consider these bills." Black-belters had used reading-at-length as an effective filibuster in the past. An attempt by Roland Cooper of Camden to overrule Boutwell's ruling failed.

Commenting on the ruling deGraffenreid said it means that legislation such as reapportionment, repeal of the Quicke divorce law, medical care for the aged, money for the physically handicapped and mentally ill, and funds for construction of the University's Research Center at Huntsville will have an opportunity to be presented to the Senate.

Haltom said, "the move will go a long way toward settling the Senate down to an orderly rule procedure."

However the stalling campaign aimed at blocking the reapportionment measure kept the anti-freedom ride" bill from reaching the floor. This bill would set a fine of \$300 and six months in jail for anyone convicted, though it did not mention freedom riders by name.

In the confusion of the last day before the holiday recess administration leaders succeeded in getting a new legislative reapportionment bill started on an uncertain journey in the House against which opponents immediately started a filibuster to keep it from having a second reading. So both reapportionment and the quickie divorce bills were delayed in the House Tuesday at least one more legislative day.

Can We Stop Communism?

Defeated candidate Richard Nixon has been liberal with his criticism of the Kennedy Administration but so far his remarks have had the buoyancy of lead balloons, particularly his now monotonous statement that Mr. Eisenhower and the late Mr. Dulles would have handled it differently. It doesn't matter what it is things would have been different.

Actually Mr. Kennedy inherited a pretty sorry mess. U. S. prestige was at an all-time low ebb. Mr. Eisenhower's summit conference had failed. The Communists had closed in on the few remaining nations in Asia and then added Cuba to their ever-growing list of satellites. In our own Western Hemisphere many of our southern neighbors protested the goodwill tour of Mr. Stevenson because of the serious infiltration of Communists in their schools and governments . . . and Mr. Nixon has the effrontery to say Mr. Eisenhower and Mr. Dulles would have handled it differently. When did the Communists infiltrate South America? Surely Mr. Nixon knows the painful answer to that.

These are trying times. To succeed in any job a man must have help and cooperation and this is true of the chief executive as much as it is true of anyone. Constructive criticism is one thing but pointless public bickering is another and nobody helps by saying what "might have been."

What about Mr. Nixon's own trip to South America and the stone throwing he experienced? He should know the blame for the world situation cannot be pinpointed nor can it all be blamed on the Communists. The Communists have been the opportunists who have capitalized on a world revolution that has been going on since our own break for freedom.

People the world over are tired of oppression. They are looking for a better life and as they begin to see other nations prosper they too begin to seek a place in the sun. These are the nations that have been ripe plums for the Communists. These are the nations of Asia and Africa who fell into the Communist camp because it offered them a strong, virile leadership that not only promised jobs and food but made good on that promise.

China for the first time is eating, because for the first time the great rice bowl is feeding the nation instead of merely the inhabitants of the rice bowl. Where the farmer formerly kept all of his crop and his neighbor starved, now he is forced to divide it. Gradually he is being lifted, whether he likes it or not, to a better standard. In the winter he works in a factory and his children are sent to school. The sleeping giant is at last awakening and we would do well to take heed.

Contrast this with our dollar diplomacy of the past. It is no small wonder we have failed. We tried to uphold the regime of Chiang Kai Shek and his dissolute "democracy" run by the crooked Chen brothers and Madame Chiang and in so doing not only lost the friendship of China to the Western World but literally pushed that nation into the Communist camp.

Surely we can profit by some of our mistakes. One day it will be too late.

Be Sure To Drive Carefully

Have you had your car checked for that holiday trip? Do you know that your brakes, lights and steering are in good shape? If not it would be wise to have your mechanic give your car a once over. It might just be the means of saving your life.

To be absolutely safe however, stay home on the Fourth. Did we say "absolutely" safe? There is no such thing. More disabling accidents happen at home than any other place according to statistics because we are prone to be more careless at home.

So be careful even if your biggest activity on the Fourth is that backyard picnic. On the other hand if you must get out on the highway keep alert and drive carefully. Keeping in mind that some of the "do's" are as important as the "Do Not's" we list a few of the more important:

Do give the proper signal when making a turn or slowing down.

Do travel at a safe distance from the car in front.

Do travel at a safe speed, not too slow and not too fast.

The highways are marked.

Do observe good highway manners by not "hogging the road."

Do cross the center line to pass only when it is indicated.

Do these things and return home safely with your family from your holiday outing.

Presbyterians End Florence Meeting

Cumberland Assembly Declines Invitation To Form Organic Union

The Cumberland Presbyterian General Assembly declined an invitation to unite with the United Presbyterian Church, U.S.A., Monday, at the last session of the assembly at Florence before adjourning.

The invitation from the northern Presbyterian church was to consider negotiations toward organic union, however, the assembly said they believed that a present involvement to consider organic union would be inadvisable.

The assembly also ruled that candidates for the ministry should be given specified intelligent aptitude and personality inventories to assist in determining their capability as ministers in the church.

A reapportionment recommendation and one to relocate the denomination's theological seminary at McKenzie, Tenn., were referred to the church's permanent committee on Judiciary for later ac-

tion. At present, each church is permitted one lay delegate, however, if the permanent committee reports favorably on the action at next year's assembly, representation will be determined by the numerical strength of local congregations.

The action is subject to ratification by the denomination's 53 presbyteries.

The denomination's only theological seminary is the institution at McKenzie which would be given due consideration along with other possible urban areas, however, a move had been underway to move the seminary to Memphis.

The assembly also approved the purchase of property near Little Rock, Ark., to be developed as a denominational conference ground.

Members of the denominational boards were elected to climax the meeting.

Redstone Rocket Set For Manned Flight

A Redstone rocket ticketed to carry a second American astronaut into space was erected on a launch pad Friday for a firing expected on July 18 at Cape Canaveral. Technicians will conduct extensive checkouts of the 69-foot rocket before mating it with a two-ton Mercury space capsule. An astronaut will then be sent aloft on a suborbital flight, similar to Alan B. Shepard's. The astronaut will be either Marine Lt. Col. John H. Glenn, Jr., of Ohio or Air Force Capt. Virgil I. Grissom of Indiana.

AF Major Sets Record In X-15

Bob White, an Air Force major, flew the X-15 to a speed mark of more than a mile a second Friday at Edwards AFB, Calif. Because his space suit ballooned from the increased pressure, he was unable to use all his controls, but nonetheless rammed the rocket plane to 3,690 miles an hour, a new record for winged craft. The speed was only 310 miles an hour short of the X-15's goal of 4,000 miles an hour, needed to reach its designed altitude of 250,000 feet, about 50 miles high.

The school will be housed in the Harwell G. Davis Library, pending construction of a separate law school building within three years.

Ma Ferguson, Ex-Texas Gov. Dies

Mrs. Miriam A. (Ma) Ferguson, 86, who twice served as Texas' only woman governor, died Sunday at her home in Austin. She served as governor of Texas from 1925-27 and again from 1933 to 1935. Her husband, James E. (Farmer Jim) Ferguson, was elected governor in 1915 but was impeached in 1917 on 10 of 21 charges against him, removed from office and declared disqualified to hold any state office. She had been retired since 1940.

● Jesse de Armond, Jr., 24, a Ponchatoula, La., soldier, pleaded guilty to first degree murder in the death last February 8 of Pvt. David G. Lewis, 20, of Rogersville, and was sentenced to life in prison by an Army court martial. De Armond and four Germans, two women, a civilian male and a West German soldier, were accused of luring Lewis into the women's apartment in Darmstadt, then robbing and strangling him. His sentence also included a dishonorable discharge and forfeiture of all pay and allowances.

● President Kennedy ordered an investigation into whether Russia has been secretly testing nuclear weapons and whether such tests could be conducted without detection, Wednesday. The order to his Science Advisory Committee indicated clearly that Kennedy is studying the possibility of a resumption of U.S. nuclear tests, now voluntarily suspended, however, he told newsmen the U.S. would strive for a controlled and agreed on nuclear armament test ban.

● President Kennedy said Wednesday that nothing Russia does could affect the West's rights in Berlin and that the crisis over Berlin was "Soviet manufactured." He stated that the Western Allies formed alliances after World War II, that are wholly defensive in nature, and that the Soviets would make a grave mistake if they supposed Allied unity and determination could be undermined by threats or fresh aggressive acts.

● Dr. Arthur Michael Ramsey was enthroned Tuesday as the 100th Archbishop of Canterbury and demanded less government interference in the affairs of the Church of England. At the same time, the 56-year-old former Archbishop of York promised to be as outspoken as his predecessor, Dr. Geoffrey Fisher, in asserting the influence of the church in Britain's affairs. More than 3,500 dignitaries attended the enthronement, however, Queen Elizabeth II was barred by tradition on the grounds that the occasion belonged to the archbishop.

● Rep. governors threw a new challenge before the National Governors' Conference at Honolulu Tuesday by calling for a declaration of civil rights, a subject which has been historically out of bounds at the annual meeting because of differences between Southern governors and those of the rest of the country. A resolution to be sponsored, calls for all governors to protect civil rights and for state Legislatures to act in an effort to end racial discrimination in housing, education, transportation, employment, public places and personal services.

energetic management of the department to which he might be assigned.

"Let me assure our people, if honored with their votes, that I shall cooperate fully with the other Commissioners, as well as every department of the city government, to give to our city the type of government they want and deserve never overlooking the fact that only through a farsighted approach to our needs can Florence forge ahead in the bright future that we have," Mr. Hickman said.

ville have arranged with TVA to bring the Saturn booster, aboard the Palaeon, to a point above Wheeler Dam on the south side of the river where TVA is building dock facilities to handle the unusual cargo, which will be rolled from the barge on its own vehicle.

The State of Alabama is cooperating by allowing TVA to build a temporary road through Joe Wheeler State Park which will continue around the south end of the dam to another dock where a second special barge will take the Saturn aboard for delivery to Cape Canaveral. A trial run, using a dummy booster, will take place about a month from now with the journey of the Saturn itself scheduled for August.

Gasoline

Transfer of gasoline must take place around the dam rather than over it for safety reasons, therefore, TVA is building, with pipe it has on hand, two 12-inch pipelines about a mile in length around the north end of the dam to carry gasoline, kerosene, jet fuel and diesel fuel. Barges carrying these products have their own pumping equipment. The pipeline is expected to go into operation July 5.

Bulk Liquid Cargoes

Commodities such as asphalt and molasses must be heated before they can be transferred by pipeline over the dam, therefore, TVA will provide steam for pre-heating penetration asphalt and other low viscosity shipments in the neighborhood of Wilson Dam, before they reach Wheeler Dam; additional steam facilities will be provided at the dam.

TVA will install the seven or more transfer pipes, two for asphalt, one for molasses and soybean oil, one for flour, one for Bunker C and other fuel oils, and at least two for chemicals and supervise the transfer operation over the dam. The movement of these commodities is expected to

Personality Sketches

By ANN SULLIVAN

FANNON FRANK BEAUCHAMP

No man ever connected with the Tennessee Valley Authority is known to more residents of North Alabama and Southern Tennessee personally than is F. F. Beauchamp. His contact with the number of municipalities, cooperatives, other distributors of TVA power and individuals has been a personal one and his knowledge of the great power system that serves this area is first-hand knowledge.

In discussing his twenty-five years of service with the Authority, Mr. Beauchamp said: "I am truly proud of North Alabama. During the years I was connected with TVA, I saw the most heartening things happen. I saw a disorganized, suffering area reach a prosperous balance between agriculture and industry that has brought prosperous conditions to all our people. I've seen some great changes made. All of this will remain with me throughout my lifetime."

Fannon Frank Beauchamp was born in Liberty, Mo., January 30, 1893, the son of Lee and Ruth Purdy Beauchamp. He attended Liberty Elementary School and was graduated from Wyandotte High School at Kansas City, Mo., in 1909.

Following his graduation from high school, he entered the University of Kansas where he received his B.S. degree in mechanical engineering in 1914. While in college, he was a member of the Campus Technical Society and served on the committee that arranged various programs for that organization. He continued his education in the extension courses in engineering from Carnegie Tech.

In 1916, Mr. Beauchamp was employed in the student engineering division of Westinghouse Electric Corporation, Pittsburgh, Pa., and for a year, was engaged in production testing and field work.

In 1917, he volunteered for Army service and was assigned to the Corps of Engineers. In early 1918, he was commissioned a first lieutenant and assigned to the 110th Combat Engineers, 35th Division. At that time, his division was ordered overseas and was stationed in France. In August, 1918, he was transferred to the 550th Engineers in command of a Construction Unit, being then promoted to the rank of captain. His unit remained overseas for several months after the armistice and did not return to the states until the spring of 1919.

He was discharged from active duty in August, 1919, at Camp Dodge, Iowa. However, Mr. Beauchamp remained in the Army Reserve until 1935.

Following his discharge, Mr. Beauchamp accepted a position with the Empire Gas and Oil Company, Bartlesville, Okla. He remained with the company until September, 1921, when he accepted the position of assistant superintendent and chief engineer of the Municipal Water and Light Plant at Kansas City, where he remained until 1929.

On August 27, 1924, Mr. Beauchamp was married to Genevieve Fitchie of Kansas City. They have one son, William, and one daughter, Mrs. Zack (Lou) Wakefield.

begin July 17.

TVA and the shippers are drafting contracts covering charges for the steam and transfer services. All transfers over the dam will take place at the face of the dam in the non-overflow section between the damaged lock and the spillway. Wharf barges will be stationed in between the cargo barges and the dam, with TVA dredging a channel below the dam to assure adequate navigation depths.

assigned the position of Streets and Public Properties Commissioners, he felt that he would be in position to give to the people of Florence the best construction and maintenance possible since he knows full-well what quality means.

"It would require much more time than that remaining before election day to contact all voters in behalf of my candidacy," Mr. Koonce said, "but I shall do my best to see as many as possible so as to be able to express my appreciation for their support and vote on Sept. 18."

Law And Equity To Open Monday

The regular non-jury session of the law and equity court will open Monday, July 3rd in the Lauderdale County Courtroom beginning at 9:00 A.M., it was announced by Charles Edgar Young, clerk of the court.

All persons who have cases on the law and equity court docket who have not settled same before Monday are reminded that it is very important that they be present when their cases are called so that orderly disposition can be made of the cases. Those persons who wish to settle their cases before Monday may do so on Saturday morning at 10:00 A.M. Judge

Emmett N. Roden will preside over the court assisted by John R. Barnes solicitor.

Persons charged with violating the prohibition law will have their cases called on Friday morning July 7, at 9:00 A.M. Also on Friday July 7, at 10:00 A.M. Judge Roden will hold hearings on cases set down for preliminary hearings. W. L. Almon circuit solicitor will assist in preliminary hearings cases.

The United States actually declared itself officially independent two days before the Declaration of Independence was adopted. Congress approved on July 2, 1776, a resolution by Richard Henry Lee that "These United Colonies are, and of right ought to be, free and independent States."

**Miss Waddell, Mr. Cosby
United Double Ring Ceremony**

Marked by a late afternoon ceremony on Saturday, June twenty-fourth, was the marriage of Coda Sue Waddell, daughter of Mr. and Mrs. Robert Helon Waddell, and Gary Franklin Cosby, son of Mr. and Mrs. Samuel Cosby, which took place in Waddell Memorial Cumberland Presbyterian Church, Rogersville.

Against a background of greenery, the altar was decorated with arrangements of white gladioli and Queen Anne's lace interspersed with branched candelabra of tall white tapers. Lighting the altar candles, and those which nestled with greenery in the window recesses, were Mabel Virginia Waddell, sister of the bride, and Barbara Emily Cosby, sister of the bridegroom.

The Reverend R. H. Myers, minister of the church, and the Reverend S. T. Byers of Florence, former minister and longtime friend of the two families, read the five o'clock vows and music was presented by Miss Susan Harrison, organist, and Morris McKee, vocal soloist.

Mr. Waddell escorted his daughter and gave her in marriage. Her wedding gown of Chantilly lace was designed with a close-fitting bodice and full-gathered floor-length skirt. Lace scalloped re-embroidered with iridescent sequins defined the Sabrina neckline, long sleeves tapered to points over the hands and the skirt, also embroidered with sequined motifs, was detailed at the back with alternating tiers of tulle and lace, extending to form a chapel train.

A small, jeweled crown held her veil of triple illusion and with her lace-covered Bible she carried a single white orchid.

Miss Norma Glenn White, wearing yellow pima mist and bit-of-veiling headdress caught to a matching tulle rosette and sprays of lilies of the valley, was maid of honor. Bridesmaids were Jane Tucker and Priscilla Waddell, cousins of the bride, Joan Stanford and Jena Butler and their dresses, each in a pastel flower shade which included green, pink, turquoise and blue, were fashioned identically with bateau necklines and full street-length skirts with tulle overskirts. Nosegays of feathered carnations, tied with ribbons to match their frocks, were their bouquets.

Karen Melissa and Udith Melinda Waddell, cousins of the bride, wore pink frocks to serve as flower girls; the candlelighters, lavender, Edward Lee Waddell, Jr., also a cousin, was ringbearer.

Lawrence Sledge was best man for the bridegroom; usher-grooms-men were Jimmy Jones Waddell, brother of the bride, Dean Cosby, cousin of the bridegroom, James Ronald Sims and Billy Scott.

Mrs. Waddell chose for her daughter's wedding a gown of iridescent blue silk organza over taffeta with which she wore matching accessories and a corsage of white carnations; Mrs. Cosby was in a beige sheath dress with jacket and her flowers were bronze carnations.

Immediately after the ceremony, Mr. and Mrs. Waddell honored their daughter and her husband with a reception in the church parlors. Assisting with the courtesies were Mrs. Weaver Fuqua, Mrs. George Tucker, Miss Ruth Ann Meyers, Miss Stella Butler, Miss Yvonne Grissom, Miss Janice Springer, Miss Gail Bergen and Miss Linda White.

Leaving later for their honeymoon in the Smokies, the bride was wearing a jacket dress of avocado green and white, a small beflowered cloche and, at her shoulder, her bouquet orchid.

Returning yesterday, Mr. and Mrs. Cosby are now at home at 1108 Lorraine Parkway, Florence.

**McClure-Bromley Vows
Said in Evening Ceremony**

In a half past seven o'clock ceremony on Friday, June twenty-third, Carolyn McClure exchanged nuptial pledges with Ronald Ray Bromley, son of Mr. and Mrs. George W. Bromley of Sheffield, in Mars Hill Church of Christ.

Ellis Coats, minister of Weeden Heights Church of Christ, was the officiating clergyman and music was presented by Mr. and Mrs. James Coburn and Mr. and Mrs. Howard Killen.

Arrangements of white gladioli against a background of ivy and magnolia foliage detailed the candlelighted altar and tapers with greenery marked each window.

Daughter of Hugh Allen McClure of Old Jackson Road, Florence, and the late Mrs. McClure, the bride was given in marriage by her father. Her gown of white lace over satin featured a softly scalloped V at the neckline, long, fitted sleeves and a floor-length skirt of sweeping fullness. Her fingertip veil of triple illusion, edged with pearls, encased from a pearl tiara and she carried a white orchid encircled with white feathered carnations atop her bride's Bible.

Mrs. Robert R. Stewart was her sister's honor attendant and another sister, Miss Shelby Jean McClure of Nashville, and Miss Barbara Bennett were bridesmaids. Mrs. George Nugent and Miss Alice Bromley, sisters of the bridegroom, were candlelighters, while little Debra Gray served as flower girl. Their organza frocks, designed with fitted bodices, squared necklines and full-gathered skirts, were complemented by sashes and cummerbunds of taffeta, moss green to match the dresses of Mrs. Stewart and flower-girl Debra, soft yellow for the other attendants. Circular tulle headdresses and aster bouquets completed their attire.

George Nugent was Mr. Bromley's best man; Howard Gray and Wilburn Wallace served as ushers; and little Philip Parker as ringbearer.

Mrs. McClure chose for her stepdaughter's wedding a blue ensemble and white asters were her flowers; Mrs. Bromley was also in blue and she, too, wore white asters.

A reception at 433 North Chestnut Street, home of Mr. and Mrs. Robert Stewart (the bride's sister and honor attendant) followed the ceremony. Assisting were Mrs. Jack Parker, Mrs. James Coburn, Mrs. Howard Gray and Miss Josephine McClure.

For travelling, the bride wore a green linen jacket dress, white accessories and, at her shoulder, the orchid from her bouquet.

Now returned from their wedding trip, Mr. and Mrs. Bromley are at home at 1124 Willis Avenue, Florence.

**Party Whirl Continues For
Bride-Elect Dianne Johnson**

Beginning with the breakfast hour and continuing throughout the days, popular Dianne Johnson's social calendar is filled up to—and even through—her Saturday wedding.

There was the luncheon event of the seventeenth hosted at The Town Club by Miss Susan Harris in honor of her "big sister" of Nenon Club days when Susan, of nearby Courtland, was taking her sophomore year at Coffee High School and bride-elect Dianne was a member of the school's senior class.

Matching ironstone tureens filled with pastel blossoms decorated the long table in the Old South Room where name cards marked places for the honoree and Miss Carol Patton, Miss Mary Brown Hassell, Miss Susan Smith, Mrs. Charles Tucker, Miss Gail Gilbert, Miss Anita Rea, Miss Betty Barton

Pride, Miss Margaret Dasher, Miss Linda Bailey, Miss Pamela Bull, Miss Dee Cunningham, Miss Barbara Collier, Mrs. Gary Hardin, Miss Kris Smith, and Miss Mary Johnson and the hostess.

"Point Pleasant," lakeside home of the Frank Hassells, was the setting on Friday, the twenty-third, when Miss Mary Brown Hassell was joined by Miss Susan Smith and Miss Dee Cunningham as hostesses to a spend-the-day gala for next Saturday's bride.

Water sports, sunning and "just chatting" on the delightful pier filled the morning and afternoon hours and, on the tree-shaded lawn, fried chicken-with-all-accompaniments was served at colorfully appointed tables at noon-time.

Guests numbered twenty.

Using twin arrangements of white carnations and pink asters near the table ends and a bride figurine at the center, Miss Linda Bailey marked places for her guests with tiny wedding-bell cards when she honored Miss Johnson at Holiday Inn on Saturday morning, the twenty-fourth.

Fourteen members of a closely knit group with ties dating back to First Grade at Kilby Training School were included by the hostess in her breakfast hospitality.

Entertaining at her Riverview Drive home on Monday morning, Mrs. Foster Barnwell's invitation to brunch at half past eleven was extended to bride-to-be Dianne, her mother and sister, Mrs. Leonard Johnson and Miss Mary Johnson, Miss Carol Patton, Miss Linda Bailey, Miss Dee Cunningham, Miss Susan Smith, Miss Margaret Dasher, Miss Pamela Bull and Miss Suzanne Johnson.

White roses and white clematis in a blue and white Dresden epergne decorated the buffet table and magnolia buds with blue hydrangeas were about the den where three smaller tables were arranged for seating.

Miss Johnson wore a tulle-trousseau frock of lilac cotton with white sweater and accessories.

Pink was the party color and roses the party flower used by Miss Margaret Dasher and Miss Sandra Frye, hostesses to a bridal luncheon at the Dasher's Meridian Street home on Tuesday, the twenty-seventh.

A welcome addition to the group was Mrs. Harold Wesley (Marian Johnson) who came up from her home in Greenville to be a bridesmaid in the wedding and to attend the remaining festivities.

Tiny lapel vases holding pink rosebuds were attached to name cards marked for Miss Linda Bailey, Miss Pam Bull, Miss Dee Cunningham, Miss Gail Gilbert, Miss Priscilla Pittman, Miss Nancy Yates, Mrs. Charles Tucker, Miss Susan Harris and the bridal attendants.

Miss Johnson's bridesmaids' luncheon will take place at The Town Club at noon tomorrow, and following the rehearsal of plans tomorrow evening Mr. and Mrs. John Clib Barton will entertain in honor of their son and his fiancée, The Town Club to again be the setting.

**Evening Shower Fetes
Bride-Elect Martha Jo Terry**

Pink and white were the party colors chosen by Mrs. J. M. Jackson and her daughters, Mrs. Askew Marable and Mrs. Tommy Emmons, for their evening gala of Wednesday, June 21, when their honor guest was bride-elect Martha Jo Terry and the attractive new home of Dr. and Mrs. Jackson at 2030 Berry was the party setting. The courtesy was an evening

Lighted by tall, pink tapers, the party table was appointed in silver and covered with an imported cloth of embroidered white linen. Pink snapdragons were intermixed with white carnations and white rosebuds to fashion the table's centerpiece.

Thirty-five guests called between the hours of seven and nine.

**Miss Shirley Jean Carter
To Have Late July Wedding**

Mr. and Mrs. Elmer Carter have announced the engagement and

approaching marriage of their daughter, Shirley Jean, to Alan Richard LeMay of Huntsville, son of Mr. and Mrs. William LeMay of Hartselle.

The bride-elect attended Freed-Hardeman College and Larimore Business College and the prospective bridegroom attended David Lipscomb and Harding Colleges, receiving his Master's Degree from the University of Alabama a short time ago.

A quiet wedding at the home of the bride's parents, 344 Edgewood Drive, Florence, is scheduled for July twenty-second.

Reports Given At Recent Jaycette Meet

On last Thursday evening, Florence Jaycettes held their regular semi-monthly meeting at the home of Mrs. Carl Mardis with fourteen members and two guests, Mrs.

Frank Parker and Mrs. Bill Dean, present.

Reports on the past year's work were submitted by chairmen and an award for outstanding work during the year was presented to Mrs. Bob McClure. In book form, a copy of the president's report was presented by Mrs. Mardis (retiring) to each member.

Installation of new officers will take place on Saturday evening, next, at Skybank Theater Restaurant.

A full attendance is urged.

Mrs. Robert M. Hill, recent surgical patient at ECM Hospital, is now convalescing at her home, "Cypress Bend."

Mrs. John Herring has returned to her home on the lake following a visit with her mother, Mrs. George Conover, in Hammond, La.

Arriving for a visit with Mrs. Guy Acker are her sister, Mrs. H. K. London of Marietta, Ohio, and

her nieces, Mrs. Jack H. London, and small son, Harold, from Celina, Ohio.

Mrs. W. W. Slaton left yesterday for a visit with family members in Louisville, Ky., and will be accompanied when she returns by her aunt, Miss Mary Boldrick.

John Lance is the name chosen by Mr. and Mrs. Lake Tate, Jr., for their new family member, born at ECM Hospital on Saturday, June 17.

Mr. and Mrs. James Flanagan and little daughter, Beth, were weekend guests of Mrs. Flanagan's parents, Mr. and Mrs. Otto Kerr, Walnut St., and returning with them to Huntsville on Sunday was their son, Michael, who has visited for a fortnight with his grandparents.

Enroute to New York from whence she will leave for a tour of Europe, Mrs. Lambkin Rogers of Greenville was a guest last week in the Leonard Johnson home on Prospect St.

Miss Ann Cromwell, after completing a year's teaching in Fort Benning, Ga., joined a group of friends last weekend for a few days in New Orleans.

Misses Janette Hassell and Ellen King will spend the next two

months at Camp Green Cove near Tuxedo, N. C.

Attending the Weekend Episcopal Laymen's Conference in Sewanee were Mr. and Mrs. Marshall Smith, Sarah, Rebecca, Edith Lile, Richard, and Mrs. Smith's nephew, Philip deMarne of Washington, D.C., who is their Summer guest.

Also in Sewanee for the Conference were Dr. and Mrs. Lester Norvell, Camille, Lester, Jr., Helen and their guest, Beverly Price.

Mrs. Leacie B. Wilson, Ray Kytie and son, Rayford, arrived last week from Richmond, Va., Mr. Kytie returning home after a few days' stay and Mrs. Wilson and Rayford remaining for a Summer visit with the Lyman Mitchells on Palisade Drive. Jim, the older Kytie son, is summering at Camp Seagull in North Carolina. Dr. and Mrs. John Slaughter

THE SPILLWAY

NOW we believe it,
One and all.
"Into each life
Some rain must fall!"

YOU'LL AGREE, that we can't find anyone in these parts who hasn't had one or two soakings during these past few weeks. . . . Our former friends inform us that it's "gone far enuf" (Just ask Tommy Reeder) . . . And another complaining group is the "lake set." (Let's check with the Bruce Edwards) . . . Then, there's our teacher-friend Jack Scarborough who, with "his" teachers, is all "packed" to move out to Grady Richards School, but it's sunshine, NOT rain, that's being called for by the workers out at this future center of learning.

AND WE KNOW that Dewey and Jackie Hopper must be claiming a rain check for the week which they had on the lake, since it rained most of the time that they were there with their three small fry. Which we're mentionin' so we can tell you about the exciting experience they had. Seems that they were having a nice family boat ride and as they neared the shore an uninvited guest decided to be a Hopper. (please pardon!) . . . hopped right into the boat . . . and it was a very large and better-behind-bars snake. But Dewey must be a man of quick action—we understand that he got his family out with no casualties—a real minute man!

ANOTHER BOAT STORY, so good that you may've heard it . . . concerns some of our popular "young marrieds." Hosted by the (Doc) John Rices on their cruiser, "Doc's Aweigh", they all went for a cruise "On Sunday Afternoon" . . . the John Hutchinsons, the Bert Haltons, the Bob Coxes, and the John McCrorys. Except, that Sunday afternoon was prolonged (not on schedule) due to a broken rudder. And while all were worried about the total of SIXTEEN offspring left at home waiting for them, they were rescued by the valiant Coast Guard . . . They did make it home, but slowly, in time for the Daddys to make it to work on Monday morning.

TRAVELERS TAKE THE HEADLINES AGAIN . . . One verve-nice tour which pricked up our ears is the one being taken by our friend Captain Otto Kerr, Jr., . . . with wife-Sally and young son Hoyle. They're stationed in Poitiers, France now . . . and, as if that were not exciting enough, they're off, come the first of July, for a three week jaunt through Italy, Austria, and Greece with

some friends they knew State-wide . . . And just as exciting, Dean and Peggy (Wade) Cruce are in the throes (will explain) of preparing to go, with Philip and Lynn, all the way to Khartoum, Africa, where Dean will work on an RCA project. (The "throes" we spoke of concern a full-blown case of measles being endured by Lynn . . . But all are optimistic that things will clear up and they'll leave on schedule, which we understand is the latter part of next week.)

ANOTHER almost-didn't make-it trip concerns Judy, popular teen-age daughter of Ed and Grace Smoot. Judy left Florence by bus last week with a dozen or so eager and happy Girl Scouts to go to Memphis, and there to join other scouts for a week's cruise down the Mississippi . . . But in checking out the group, in Memphis, the nurses found that Judy had a degree or so of fever, so had to check and recheck before they decided it could be blamed on the excitement. AND THE CLIMAX WAS THAT, for this reason, Judy was "written up" in the Memphis Commercial Appeal!

WHILE DISCUSSING travels, we COULD mention the nice Skyline Drive trip which Mary Rogers, Julia Neal, Nadean Small, and Margaret Reynolds took recently. ONLY, we WON'T . . . since the first mentioned member of the party pulled an even more newsworthy "one" on us. Seems Mary tried to move some furniture, except it was not the footstool, it was a full-grown bed, consequently, her trip to climax the Skyline Drive trip was in the direction of ECM, and a nurse's chart replaces the travel maps for her. Our MOST solicitous wishes to this charming school-marm for a quick reversion to the more interesting travels again!

LOST AND FOUND DEPARTMENT: Lost, but promised for a later date, one party . . . Just after the Preston Reeder had sent out "invites" and had their friends elated over a coming-up party, Preston succumbed to doctors orders . . . Which were to report to the local hospital pronto. And everybody is wishing Preston a speedy recovery naturally—and especially . . . LOST: one hostess . . . Hear that Jean Rogers had her guests invited for lunch when she found need to accompany her swimming champ sons, Tommy and Billy, to Huntsville for a big Swimming Tournament. Sooooo, Jean managed well—got the party going, and left for Huntsville.

HOPE YOU WERE THERE . . . to see talented and versatile Jeb Stewart take over the console of the First Methodist organ on Sunday morning—and to hear the beautiful music which he "made." The chill bumps were there for us, and we were wondering: is there ANY talent which this young man lacks?

SPEAKING OF TALENT, we'd like to give a most enthusiastic plug to the newly organized Star-makers Playhouse . . . out Sky-park way. Looks like they will make many-a star from the way they've started. With last week's production of "Picnic", they had capacity crowds at all presentations, and we're glad to hear that they plan to carry on all summer. Heard two real "human interest" angles which you should know: When Dorothy Ann Cash was ardently proposing to Marshall Pless, the voice of little Mollie Pless issued forth from the audience saying, "Mommie, she can't have my Daddy!" . . . And at another point, and on another night, the audience enjoyed an unintended moment of comedy when Manager Lynn Swann Waggon directed in a positive voice that all the house lights be on . . . As the audience waited, expecting to be blinded by the sudden light, one weak-but-willing floor lamp threw out its light! (While the play was professionally and excellently done, we must say that we like these little "spices in life," ourselves!)

AND UNTIL MORE NEWS COMES THROUGH THE SPILLWAYS, IT'S GOODBYE FOR NOW!

Dividend Declared By First Federal

The board of directors of First Federal Savings & Loan Association of Florence declared its 53rd consecutive semi-annual dividend payment at its June meeting.

The payment will amount to considerably more than \$429,000, largest in the history of the association and represents earnings on savings for the first six months of 1961.

"The association has enjoyed a substantial growth in 1961 and total assets reached an all-time high of more than \$27,000,000," said W. L. Foy, Sr., association president. "The number of savings accounts has also increased substantially, reflecting not only a sound economic condition in this area, but a continued and gratifying desire on the part of the people of this section to progress financially through the practice of thrift" added Mr. Foy.

News of WATERLOO

By Mrs. L. A. Culver

Church:

Worship services will be held at all three churches Sunday. Rev. Earl Stewart will fill his pulpit at the Methodist Church Sunday.

Bible Study at the Church of Christ is held on Wednesday evenings each week.

Prayer meeting was held at the Methodist Church this Wednesday evening with Mrs. W. B. Hagood in charge of the program.

Persons:

Honoring W. T. Wesson and Mr. and Mrs. George Wesson and children, from Riverside, Calif. were the family members, numbering thirty. Six families gathered at

the Waterloo Park last Thursday afternoon. The young people and children enjoyed boating and swimming while the adults caught up on news of the home town. At six o'clock a picnic dinner was served. Those present were, Mrs. Mary Lynn McPetus and family, Mr. and Mrs. Reeder Mitchell, Mr. and Mrs. J. C. Potts and family, Mrs. Julia Potts and family, Rose Ann McCorkle and Mrs. H. W. Wesson. Mr. and Mrs. George Wesson left Saturday for Akron, Ohio to visit her parents. W. T. Wesson remained for a longer visit with relatives.

Mr. and Mrs. Hardin Cossey from Memphis are vacationing at their summer home here.

Visitors in the home of Mr. and Mrs. A. J. White this week end were Mr. and Mrs. Thomas Gigan-det of Nashville; Miss La Verne Minnichan from Clarksville, Tenn.; Mr. and Mrs. Hershel White from Florence.

Miss Henri Seaton from Central

spent a few days last week with Mr. and Mrs. Jim McCorkle.

Mr. and Mrs. Ancil Michael from Florence spent Saturday night with her mother Mrs. Emma Scott.

Mr. and Mrs. Cliff Proghs from Florence spent Sunday with her parents, Mr. and Mrs. Will Sego.

Bill Roby from Huntsville is spending the week with his grandparents, Mr. and Mrs. George Mangum.

Reach Agreement On Use Telephone Poles By Cable TV

The Southern Bell Telephone and Telegraph Company and the Muscle Shoals TV Cable Corporation have reached a settlement which will allow continued use of Telephone Company poles by the TV Cable Company. W. L. Ferguson and F. W. Brice, managers for the Tri-Cities area for the

Telephone Company, announced today that a new contract has been signed which is to the mutual agreement of both firms. Brice and Ferguson, in a joint statement, said: "Southern Bell and the TV Cable Company have been operating without a contract between them for some time now pending negotiations on the new agreement. We are pleased to have reached an amicable settlement of differences. We are looking forward to continued good relations in the future."

Rehab Facility To Close For Week

The Muscle Shoals Rehabilitation Facility at 1509 Huntsville Road in Florence will close Friday for a week's vacation for the staff and students. It will reopen Monday, July 6.

The Facility is sponsored by the Lauderdale and Colbert County Societies for Crippled Children and Adults, Inc., and trains handicapped adults in the areas of furniture upholstery, chair caning, furniture repair and refinishing, small electrical appliance repair, small motor repair, and repair of soft drink crates.

County To Pay Airport Funds

The Lauderdale County Court of Commissioners signed a contract to provide \$10,174 annually for five years for a second and third story and tower at the Muscle Shoals Airport building, Monday.

The first payment will be due November 1. The annual contributions of the respective governing bodies who are taking part in the development program are Florence, \$5,970; Sheffield, \$2,900; Tusculumbia, \$1,782; Colbert, \$10,174. The Federal Aviation Agency is to provide matching funds.

Norton Attending N.E.A. Convention

Dr. E. B. Norton, President of Florence State College is attending the annual Convention of the National Education Association this week in Atlantic City, New Jersey.

President Norton will serve as a delegate from the Alabama Education Association, as well as a member of the National Education Association's Resolutions committee. Mrs. Norton will accompany her husband to the eastern conference.

In attendance at the Atlantic City convention will be 10,000 educators representing the 760,000 members of the National Education Association. Representing the largest membership in the history of the N.E.A., they will review the progress of the year and chart the course ahead.

A highlight of the week-long conference will feature Sir Ronald Gould, general secretary of the National Union of Teachers of England and Wales, who will deliver the address at the closing session.

Holcombes Named Unit Test Family

The Willard Holcombe family of Waterloo was chosen as the newest Unit Test Demonstration farm family in Lauderdale County. Monday, when a meeting of farm operators was held at the Waterloo High School's vocational agriculture department.

Sam Eich, Assistant County Agent, and Miss Vervel Mitchell, assistant home demonstration agent, who work with Unit Test families attended the meeting.

Trent Butler, 4-H Club member from Mars Hill, spoke at the meeting on his recent attendance at the Fontana Village, N.C., camp sponsored by the Unit Test Demonstration program and the Tennessee Valley Authority.

A Message

To The
CITIZENS
Of
FLORENCE

Greetings:

After careful consideration, I have decided to enter the race for City Commissioner and will file my qualifications immediately upon the opening of the qualifying period. You will go to the polls on Monday, September 18, to select someone to represent you on the Board of City Commissioners for the next three years. I ask that you give my qualifications for the office your careful consideration and I trust that I may have your support during the campaign and your vote on election day.

May I call your attention to what I feel qualifies me to represent you in this important office along with my desire to render a true service to our city and each and everyone of its citizens. My campaign slogan—**PROGRESS WITH EXPERIENCE**—I trust you will find represented in the following paragraphs:

- I am the owner and operator of the Hickman Advertising Company and for the past 10 years my business has been located at 234 South Royal Avenue.
- For the past seven years, I have been a member of the Florence Planning Commission and am currently serving as chairman of that body.
- Throughout my adult life I have been interested in rendering a civic service and have been active in the Boy Scouts, formerly district chairman; member and past president of the Kiwanis Club; active in the Chamber of Commerce, Red Cross, United Fund, Masonic Order, Shrine, Salvation Army and at present am Muscle Shoals area chairman of the Multiple Sclerosis drive.

During the campaign, I shall try to contact every voter and give you my thinking on a number of progressive moves I feel will benefit our city so that we may meet the challenge of a fast growing area.

Sincerely,
HOWARD HICKMAN

GRAHAM F. JAMES COMPLETES PACIFIC CRUISE

Completing a seven-week southern cruise in the Pacific aboard the Seventh Fleet heavy cruiser USS Saint Paul when she returned to Yokosuka, Japan, recently was Graham F. James, radarman second class, USN, son of Mr. and Mrs. Edward N. James of Route 4, Florence.

Highlighting the cruise was the crossing of the equator, the legendary domain of King Neptune. While in these waters, 550 of the crew "polliwogs"—sailors who have never crossed the equator—were subjected to various trials and tests of the endurance in determination of their eligibility to enter Neptune's realm. The traditional rites were performed as the heavy cruiser steamed along the equator for 40 miles in a downpour of intermittent equatorial showers.

During the cruise the Saint Paul visited Okinawa, Taiwan, Hong Kong, British North Borneo, Malaya, and the Philippines.

158 ALABAMIANS TO ANSWER SERVICE CALL DURING JULY

State Selective Service Director Walter M. Thompson, Jr., said today that a total of 158 men would be called to the Montgomery Induction Station during July to fill Alabama's Selective Service quota. Lauderdale county will supply four men.

The national quota is 6,000—all men earmarked for army service. Thompson said the Alabama call will include only volunteers, delinquents, and postponed registrants.

The State Director also called attention to the fact that registrants turning 18 years of age are required to register within five days after their birthday.

COMPLETES COURSE — Army Pvt. Ralph A. Balch, son of Mr. and Mrs. Robert V. Balch, Route 3, Lexington, recently completed the lineman's course at The Southeastern Signal School, Fort Gordon, Ga. BUDGET OUT OF BALANCE?

... here's sure way to solve your problem!

Budgets-out-of-balance probably cause more family arguments than almost anything else! Usually the trouble is that the amount budgeted for SAVINGS has a way of simply disappearing into the thin air. The argument then is about how or why this happened and who was responsible! The solution is as simple as this: If you would make it a practice to DEPOSIT your budgeted savings FIRST thing every payday, they couldn't disappear, and there'd be nothing to argue about. In the interests of family harmony and a growing bank account, always do your saving BEFORE you do your spending . . . starting very next payday!

Last year, Alabama farmers grew corn on 2,146,000 acres. The average yield was 28 bushels per acre. Most of this corn was fed to livestock on the farms where it was grown or was sold locally.

KEEP SAFETY IN MIND IN REMODELING STEPS

If you plan to remodel steps or porches to your home, consider safety in planning.

Bill Cox, Auburn Extension Service engineer gives these safety suggestions: Make the entrance landing at least five by seven feet. This allows two feet of standing space on

the latch side of the door. Provide a hand rail and guard rail for steps and porch. Have overhead protection from rain, ice or snow and an outdoor light for seeing clearly after dark. And see that the tread of the steps is at least 18 inches wide—enough space for the whole foot.

Eye Growth

Q. Are the eyes the only body structures that remain the same size through life?

A. The statement that the eye remains the same size through life is not strictly true. During the first few years after birth the eye reaches almost its full size, although growth does not entirely cease until about age 10.

Food Fictions

Q. Does dark bread contain fewer calories than white bread, or is this pure fiction?

A. It's fiction. And here are some other food fictions. It is NOT true that: • Garlic cures high blood pressure. • Foods cooked in aluminum vessels cause cancer. • Wine makes blood. • Grapefruit is reducing. • Margarine contains fewer calories than butter. • Milk is harmful to a person with fever. • Oysters and raw eggs increase sexual potency.

Diaper Rash

Q. What causes diaper rash and what is the best remedy?

A. A special kind of germ or bacteria is present on the skin of the diapered area which acts on urine, producing ammonia. Ammonia is irritating and causes beefy redness of the skin. There are several good creams which doctors and hospitals use in treating diaper rash. Whatever is used should be mild. Harsh treatment just adds to the trouble.

Thought Center

Q. Where is the thought center? If it is some place in the brain, how do you explain the Biblical quotation, "As a man thinketh in his heart, so is he?"

A. The brain is the center of thought, and thinking involves more than just a single part of the brain. The biblical quotation is considered to mean: "As a man believeth in his heart . . ."

Come to Church for Services

"A FAMILY THAT WORSHIPS TOGETHER — STAYS TOGETHER"

Along the Little Missouri River . . . close to the South Dakota border . . . about 200 miles from Montana and Wyoming . . .

It's fun to look at the whole world, and then put your finger on the place where you live. It makes you realize how important you are!

In the free nations of this world everybody is important. People can own land and houses and tractors. They can read the truth. They can think for themselves, and say what they think. They can assemble together to celebrate, or plan—or protest.

And they can worship God . . . in the church they choose . . . and bring their children . . . and support their church . . . and volunteer their talents in its work.

Nobody can padlock God's House—or turn it into a museum!

Here's where we live, THANK GOD! We thank Him best by using ALL our freedoms . . .

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Farm Review and Forecast

Poor Roofing Is Useless Expense

A building is only as good as the roof covering it. And according to Auburn Extension Service Engineer Bill Cox, failure to build a good roof means useless expense.

Cox pointed out, "On 90 per cent of farms in the Southeast, gal-

vanized steel roofing is used. However, there is too little zinc in it for lasting quality. Most of these roofs consist of only 1 1/4 ounces of zinc or less. Financial losses due to such poor quality roofing can be cut by using a roofing with two-ounce zinc coating."

"High quality zinc roofing is well worth the slightly higher cost because it will double the life of your roof," said Cox.

Flying Farmers Meet At Ft. Morgan

At Fort Morgan on July 8-9, the Alabama Flying Farmers will hold their first meeting with Douglas Moore of Marion as president. He was recently elected for 1960-61.

It will be a two-day outing for members and their families.

Mrs. Ralph Martin of Catherine, the new 1961 Flying Farmer Queen, will be crowned; Bert Fuller of Suttle, who is secretary of the National Flying Farmers Association, will report on plans for the national convention at Tucson, Arizona, August 13-18; and Ralph Martin, regional director, will report on activities in Region 4.

The membership of the Alabama Flying Farmers is rapidly growing and a large attendance is expected at Fort Morgan.

Rural Accidents Take Heavy Toll In Month Of May

The eleven county area of the Decatur District of the Alabama Highway Patrol reported 135 rural traffic accidents for the month of May, which resulted in 49 personal injuries, 5 fatal accidents and 5 traffic deaths. For the same period last year the eleven county area reported 150 rural traffic accidents, 78 personal injuries, 5 fatal accidents and 5 traffic deaths, according to information released today by Safety Director, Floyd H. Mann.

Lauderdale County reported 19 accidents, 13 personal injuries, 1 fatal accident that killed 2 persons.

Director Mann concluded with an urgent appeal to all motorists and pedestrians to walk and drive with extreme caution during the summer months that lie ahead. He said, "The best way to avoid that traffic accident is to know and obey the traffic laws."

Restock Freezer With Chickens

For the next few weeks, chickens will be inexpensive and supplies will be large.

Allen Brown, Auburn Extension Service poultry marketing specialist says, "With these big supplies available, now is a good time to restock your home freezer. And it's a good time to eat chicken, too. With all the picnics coming up, that won't be too hard."

The large amount of chicken on the market now is due to changes in production. Research has made it possible for a chicken to reach the market weight early—8 to 10 weeks. And at this age, they are tender and nutritious.

"Modern plants built just for poultry processing and improved equipment have helped reduce costs," adds Brown. "Now a farmer can grow thousands of birds at one time through effective feeding and management. And all this means better chicken buys."

News of LEOMA

By Mrs. L. T. Roberts

There will be an all day singing Sunday at the Center Point Baptist Church, east of Leoma. A basket lunch will be served at noon and several out of state singers are expected to be present for some good gospel singing. Everybody is invited to come and have a good time together.

Mrs. Mae Barnett, Mrs. Florence Plemons, and Elbert Durham are all improving at their homes after a serious illness.

Thomas Dryden is still undergoing treatment at the Lawrenceburg hospital after undergoing surgery ten days ago.

The Babe Ruth Baseball team and Little League boys played the Lexington boys last Saturday at Lexington, with the scores, Babe Ruth game, 7-5 in favor of Lexington; Little League game, 9-2 in favor of Leoma.

The Vacation Bible School pupils went on a picnic last Saturday at David Crockett Park with Helen Woodard, Betty Belew and Joan Brown as leaders for the children.

New Bride Is Honored

Mrs. Coleman Hunt, the former Peggy Brown, was honored by her friends last Friday night with a shower given at the home of Mrs. Pearl Richardson in Leoma. Twenty guests came with gifts for the honoree, and after games and contests were enjoyed, Peggy opened her gifts. Refreshments were served by Jo Ann Yeager, Kay and Anne Chance.

87th Birthday Celebrated

Mrs. Mollie Clayton celebrated her 87th birthday last Saturday at her home with all of her children and most all of the grandchildren present for the happy family get-together. Those present were, Mr. and Mrs. Clyde Marston and family; Mr. and Mrs. Clarence Marston and son; Mrs. Lee Durrett; Mrs. Betty Belew; Mrs. James McClain and Jessie of Lawrenceburg; T. B. Clayton; Mrs. Dan Ringelstein and children; and Mrs. C. W. King. A delicious dinner was served picnic style at noon, and the honoree received many nice gifts.

Birthday Dinner

Mrs. Lucy Davis was honored by her children last Sunday with a surprise birthday dinner given in honor of her 83rd birthday. The guests included Mr. and Mrs. Audie Davis of Bell Green; Mr. and Mrs. Henry Mooney of Jasper; Mr. and Mrs. James Davis and Faye of Summertown; Mr. and Mrs. Arthur Davis and Judy of Lawrenceburg; Ed Davis and son Jim; and Mrs. Violet Gray and children of Sheffield. A delicious meal was served at noon, and the honoree received many lovely gifts.

Mrs. Janette Johnson who has been a patient at the Decatur Hospital was brought to the home of her parents Mr. and Mrs. Wayne Weathers last Sunday. She is reported improving.

Mrs. Florine Crawford and Mrs. Lorine Corbin have returned back to Auburndale, Fla. after a visit to relatives at Leoma and at Pulaske.

Mrs. Lena Bailey of Akron, Ohio is visiting her sons, Mr. and Mrs. Billy Bailey and Mr. and Mrs. George Bailey and family.

Several people from Leoma were in Lawrenceburg last Sunday to hear the Rev. Arthur Hottel, Baptist minister preach at the American Legion Building.

The Revival Meeting came to a close last Sunday night at the Leoma Church of Christ after a week of preaching by Elder Gilbert Shaffer.

Several people from other churches were visitors during the week for the church services.

Mrs. Lena Rhinehart and little daughter Linda of Lincoln Park, Mich. are visiting her parents, Mr. and Mrs. Frank Ricketts.

Mr. and Mrs. Dewey Fleeman, Mrs. Joan Shults, and Mrs. Frank Brown were shopping in Florence last Saturday.

Mr. and Mrs. Forrest Webb of Columbia, and Mr. and Mrs. Walter Williams of Fall River, were guests last Sunday with Mr. and Mrs. J. B. Webb who is confined to his home.

Mr. and Mrs. James Jennings of Madera, Calif. spent last week with relatives at Leoma and others at Nashville.

Mr. and Mrs. Parker Jones, Mr. and Mrs. James Lewis of Savannah, Ga. spent last week with the Jerry Newton family and Mrs. Mary Brown.

Mr. and Mrs. Phil Day and daughter, Becky and Mr. and Mrs. R. T. Hayes and sons of Shelbyville were guests last Sunday with Mrs. Christine Lindsey and son Robert.

RELIABLE

Mr. and Mrs. Homemaker . .

May we suggest there is an element of risk when you sign any contract with the salesman of an out-of-town applicator of roofing, siding or any materials for the improvement or maintenance of your home.

Ask yourself this question when you have been contacted by such a salesman:

HAVE I OBTAINED A PRICE ON THIS JOB COVERING THE SAME SPECIFICATIONS FROM ANY LOCAL DEALER?

If you haven't then you are not being fair to yourself or to your home town dealer who is a member of your community and who, like you, supports and makes his living in your community. It will pay to see your local dealer first!
