

The Passing Parade

By HAROLD S. MAY

Our congratulations to H. Grady Richards for the honor that has just been bestowed upon him by the City Board of Education with the naming of the new Riverview section elementary school the Henry Grady Richards school. A well deserved honor for a beloved educator who has dedicated his life to the service of our young people and the veterans of our most recent wars. It is good to know that his name will continue to influence the lives of our youngsters in the long years ahead.

Let's synchronize our watches: Spring starts March 20 at 3:32 p.m.

Those of you who love peanuts should have been the guests of Senator Lister Hill and Representative George Andrews Wednesday at a luncheon in the new House Office Building in Washington. The event, designed to promote Alabama's important peanut industry during National Peanut Week, featured the following menu: Peanut soup, Peanut-fed Ham, Sweet Potatoes with Peanut Sauce, Green Salad with Peanut Oil Dressing, Peanut - buttermilk Hot Biscuits and Peanut Cake. Coffee in abundance was supplied as a chaser—and believe you me the guests needed it if our experience with too much peanut butter is an example.

Apparently the satellite that took Ham for a ride recently must have been sold with a monkey-back guarantee.

According to latest figures it appears that Cuba is destined to be the largest country in the world. With its capital in Havana, its government in the Kremlin and most of its people in the United States it stretches across half of the world.

Bids To Be Opened For FSC Project

Scheduled for bid opening on April 5 is the \$700,000 Florence State College four-story science building which will be built on the campus opposite the new men's dormitory which will be ready for occupancy this fall. This building together with the students' union building and women's dormitory are progressing according to schedule, the latter to be open at the opening of the summer session, it was stated.

Million Acres Lost To Other Areas

Cotton Growers Must Plant Or Release Allotment by March 15

NEW NSGA OFFICERS AT FLORENCE STATE—From left to right, these attractive young ladies are: Nell Wade, treasurer; Betty Lynn Miller, town student representative; Gail Minor, vice president; Jeanette Carroll, president; Sharon Dahlke, secretary; and Gail Davis, social chairman.

The importance of cotton growers planting or releasing their cotton allotment this year, was emphasized this week by Lauderdale County Agent L. T. Wagon who urged farmers to act on this important issue before the March 15 deadline.

"If you are not going to plant your cotton allotment this year, it will be advisable to release it to your county ASC Committee to be reapportioned to other farmers and thus prevent a reduction in your allotment in 1962." Mr. Wagon stated, adding, "if you have not planted any cotton on your farm in the past two years it will be necessary to plant some cotton in 1961 in order to hold your allotment."

"We have an increase," Mr. Wagon continued, "of 3,081 acres above the 1960 allotment in Lauderdale County and all of us are interested in keeping the county's total allotment of 30,530 acres. If farmers who have an allotment will release it or plant it, we will preserve our cotton acreage for the future. Those of you who do not know how you stand should check with the ASC office to determine what you need to do and help us keep all of our allotted acreage. This should be done before next Wednesday, March 15."

Mr. Wagon further pointed out that fifty per cent of an allotment will be lost the first year if it is not planted or released.

Water Floods Portion Of ECM Hospital

Flood, Rain And Wind Cause Damage At Shoals

The heavy winds and rain which swept through Northern Alabama, Tuesday night, left behind a four-hour journey of destruction and injury, not excluding Florence and the surrounding area.

Firemen reported they had removed several Florence families from their homes and rescued several men from a tractor which had washed off the Jackson Road late Tuesday night. The highway patrol reported eight injuries, two of which required hospitalization. One quirk of the water was the washing up of gasoline service tanks at a service station on the Fairgrounds Road and damage to the fence around the North Alabama Fairgrounds.

Richard G. Hibbett, speaking for the Florence City Board of Education, announced Tuesday during a luncheon at the Reeder Hotel that the name given to the new 12-classroom building now under construction on Riverview Drive, would be Henry Grady Richards School.

Richard G. Hibbett, administrator of ECM hospital, called the Florence firemen Tuesday night, to report water, apparently leaking from the roof, flooding portions of the hospital and the basement, and requiring the removal of a number of patients. He said water was falling so rapidly on the roof that the drains could not carry it at a sufficiently rapid rate, thus getting too high and coming into the building through air exhaust ducts. Many of the patients had to be moved to the third floor because of the water coming into the rooms, however, no patients were actually adversely affected by the flooding.

School Funds, Reapportionment

Presents Dark Picture According To Boutwell

The possibilities of the Legislature, which meets in May, passing any revenue measure for the aid of our schools or of enacting any reapportionment legislation in the coming session is so slim as to be almost nil," was the announcement made by Lt. Gov. Albert Boutwell in an address before a joint meeting of the Florence Civitan and Exchange Clubs at Starkey's Tuesday noon.

School Construction In Lauderdale Is Underway

At a special session of the Lauderdale County Board of Education on Tuesday afternoon a report was heard of the partial survey of the county's Negro school facilities by a survey staff from the State Board of Education, C. G. Burton, consultant, school plant construction, and George W. Yarbrough, school plant maintenance.

Petitions To Form Watershed Signed

Public Hearing Will Determine If Project Is Favored For Area

Petitions have been signed by 330 Lauderdale County landowners requesting that a watershed sub-district be formed to promote a flood control program in the Cypress Creek area.

The watershed area takes in Cox Creek and part of St. Florian area, then goes just west of Jacksonville where it hits the Chisholm Highway and follows directly into Collinwood, Tenn., then back one half mile west of Natchez Trace and follows the Trace down returning across the Savannah Highway three miles west of where the Trace enters the highway, then south of Savannah Highway and parallels it on the south side back to Florence.

THE SPILLWAY

The "fleurs" are blooming All about, Spring fever'll "git you If you don't watch out!"

AND WE'LL JUST BET that this is the first time that any part of J. W. Riley's poem has been used as a seasonal peice for anything but Halloween. And anyway, if you HAVE to have fever, the spring variety is certainly the best kind. Seems to us that one of the more constructive sides of the season concerns the spring programs in the clubs and schools around about which climax the year's work.

EXPERT PLANNING AND HANDLING OF DETAILS culminated in one of the nicest house-warmings we've heard of.

Hour of Sharing Will Be Observed

Churches Of All Faiths To Participate Sunday In Nation-Wide Drive

On Sunday, to make possible continuance and expansion of the programs which help so many, thousands of Protestant churches will observe "One Great Hour of Sharing," Easter Season highlight of the United Appeal for Overseas Relief and Rehabilitation.

The national Jewish community, meantime, is launching the 1961 United Jewish Appeal for funds to implement programs of aid to refugees and others in need abroad.

Orphanages, schools and hospitals will be supported, projects of tuberculosis care and prevention, and other health programs will be carried on, as will programs of resettlement and constructive development for refugees.

To religious Americans—Protestant, Catholic or Jewish—this is their time to share, their time of keeping faith through their faith with those in need.

Liberty National Dividend Okehed

Liberty National Life stockholders have approved a 33-1/3% stock dividend, which increases capital stock from \$7 1/2 million to \$10 million and shares from 3,750,000 to 5,000,000.

Both the stock dividend and a cash dividend of 35 cents per share will be effective and payable April 3, 1961, to stockholders of record as of March 17, 1961.

The above actions were taken February 21 at the 32nd Annual Meeting of the stockholders, held at the company home office in Birmingham.

It was reported that Liberty National now has 4,268 stockholders. More than 92% of Liberty's 3,750,000 shares was represented either in person or by proxy at this year's annual meeting, attended by about 300 persons.

Total Liberty National resources increased more than \$30 million during 1960, to a figure approximating \$320 million. The Company has 87 offices in six states, with major operations primarily in the Southeast.

Area To Observe Girl Scout Week

Week Long Activities Mark 49th Year Of Great Organization

Girl Scout "forty-niners" are celebrating their anniversary week from Sunday, March 12, through Saturday, March 18, in the Muscle Shoals area.

These "forty-niners," 3,420,000 strong, are members of Girl Scouts of the U.S.A. who will be observing the 49th year of Scouting since Juliette Low established the first troop in Savannah, Georgia, on March 12, 1912.

The gold which 17,000,000 Girl Scouts have discovered since 1912 is not found in mines but in the Promise and Laws of Girl Scouting, a code of ethics which is meaningful to girls of every creed, race and national origin.

Many former Scouts say that it was during their Scouting years that they discovered their future vocations and avocations.

As professional workers, as homemakers and as good citizens, Girl Scouts of yesterday serve the community, the nation and the world of today.

Girl Scout activities are geared to three age groups: girls from 7 through 9 years are Brownies; from 10 through 13 they are Intermediate; from 14 through 17 they are Seniors. Each group has its own uniform, its own program, and its own goals.

Major Girl Scout activities and interests are demonstrated in the seven days of Girl Scout Week.

The week opens with Girl Scout Sunday (or Girl Scout Sabbath for girls of Jewish faith). Other days are: Homemaking Day (Monday), Citizenship Day (Tuesday), Health and Safety Day (Wednesday), International Friendship Day (Thursday), Arts and Crafts Day (Friday), and Out-of-Doors Day (Saturday).

Stage Is Set For LCHS Senior Play

Committee on stage, property, costumes, make-up and a number of would-be Garbos and Gables are busy polishing up their roles for the Thursday night showing of a three-act comedy "Beauty and the Beast" in the Rogersville auditorium.

The play is being directed by Mrs. Beulah Prince.

Members of the cast include Judy Howard, Yvonne Grisham, Cora Sue Waddell, Jimmy Foulks, Roger Burch, Lonnie Smith, Carolyn Tipper, Ann Varnell, Harold McConnell.

Carol Bailey, Linda James, Billy Goodman, Justin Allen, Judy Harvey, Larry Britton, Judy Felker, Landon Oldham, Virginia Bullard, Ronald English, Robert Tidwell.

Coffee Seniors To Take Annual Trip

The Coffee High School seniors, one hundred thirty-six of them, will leave tomorrow for the 13th annual class trip to Washington and New York, returning home the following week end.

On the agenda, will be a visit to Washington and Lee University, Virginia Military Institute, the University of Virginia, Monticello and Annapolis. Besides Washington and New York, the group will also visit Baltimore and Philadelphia.

Fourth Audubon Program Tonight

The nation's top nature film, "Designs for Survival," the fourth in the series of Audubon Screen Tour movies being shown this season, will be presented tonight at 7:45 at Coffee Auditorium.

The film is the work of Mr. and Mrs. William A. Anderson who have supplied sequences for a number of Walt Disney's Oscar-winning movies and also for his TV productions.

Tickets will be on sale at the door, or may be purchased in advance from members of the Muscle Shoals Federation of Garden Clubs or the Muscle Shoals Conservation Association, sponsors of the tours.

In arranging a room, think about the traffic through it. Furniture in the middle of the room can be very dangerous at night.

Teacher Tells Of 4-H Advantages

By MISS EVA DENDY

In our county nearly three thousand boys and girls are members of one large organization. The 4-H Clubs of the area have the largest membership of any youth organization.

This means a lot of work on the Extension workers, Albert Heaslett and Miss Willie Mae Crockett, the local leaders, and the members themselves. The members of the Lauderdale County Board of Education and the Superintendent of Education, as well as the principals and teachers of the different schools have been very cooperative in club work since an hour each month in a very busy schedule has been assigned for club meetings. To some students this may be and has been the most rewarding of any activity during their school life.

Just what and how does participation in the 4-H Club reward the boy or girl member?

Every child has the desire for security, the need for belonging. The 4-H Club membership is open to all students from the Fourth Grade through high school. Membership is not based on grade average or on athletic prowess. It is based on the student's wish to belong to the club.

More and more young men and women are called upon to express their ideas or opinions—in the church, in civic groups, in political gatherings. In the 4-H Club they learn the rules of parliamentary procedure, and they learn to express their ideas while standing before a group. Here, democracy is seen in action and they have the chance to express themselves by voting on issues or for candidates. There are numerous tangible rewards which may be seen and felt. Members may win recognition for doing outstanding work on their projects. The highest of these rewards, perhaps, is an expense paid trip to the 4-H Club Congress in Chicago. More than one Lauderdale County boy or girl has received such an award.

In our county, the Lauderdale County Co-operative, the Federal Land Bank, the Farm Bureau, and the Productive Credit Association have for several years sponsored an oratorical contest. Many boys and girls have got their first experience in public speaking in these contests.

Another contest for 4-H Club boys and girls is an Essay Contest on Safety.

Some clubs have booths at the North Alabama State Fair, and here again, we have an example of cooperation which may be amply rewarded.

Several large firms offer scholarships for outstanding 4-H Club boys and girls.

The very first part of any 4-H Club program is a move in the direction of good citizenship. The pledge to the flag may mean just a few words mumbled to the youngster, but to the man he becomes, the meaning is much more potent and clear.

Nearly every newspaper today has headlines concerning juveniles and the trouble they are in. Millions of dollars are spent each year on juvenile delinquents. 4-H Club work gives youngsters something constructive to do, and while they are engaged in constructive work, they are not committing destructive acts.

Rep. Jones Speaks At International Road Conference

Highway Leaders Meet In Australia; Visit Points Of Interest There

All Americans would benefit from the U. S. Federal-Aid highway improvement program, Rep. Robert E. Jones, told the International Road Federation's Pacific Regional Conference when it opened in Sydney, Australia on February 27.

He said highway improvements expedited the rehabilitation of blighted areas in the cities, made urban areas more attractive places in which to live and do business, and brought similar benefits to rural areas.

"They increase the value of farm lands by making them more accessible to market and sources of supply," he said.

"They open up new areas of natural resources. They provide access to resorts and other places of recreation for all people.

"They have been a means of bringing our children into consolidated schools, where better educational facilities are available.

"They mean better mail, medical and other services to our residents in rural areas."

Some 250 highway industry leaders from 17 countries in the Pacific area are attending the meeting, to discuss road building problems.

Rep. Jones, together with Rep. Frank E. Smith (D-Miss.) and Rep. Frank M. Clark (D-Pa.) are representing the U. S. Congress, as members of the House Committee on Roads.

National co-ordination of highway planning, construction and financing are the subjects for discussion with I. R. F. members in which the Americans are playing a leading part.

While in Australia, Rep. Jones will visit Canberra, the national capital, to meet Australian Gov-

Hill Urges Price Support Increase For Cotton Seed

Senator Cites Danger Of Underplanting If There Is No Incentive

Senator Lister Hill has urged Secretary of Agriculture Orville Freeman to "give every earnest and favorable consideration to providing an increase in the 1961 support price for cotton seed at least comparable to the support price increase contemplated for soybeans."

The senior Alabama Senator, member of the Senate committee handling agriculture appropriations, told the Secretary that an increase in the cotton seed sup-

port price would help Alabama cotton producers obtain adequate financing for the 1961 crop by improving their chances for a profit. (The 1961 support price for soybeans is expected to be set at 25 per cent higher level than last year. Soybeans are a competitor with cotton seed in the vegetable oil market.)

Said Senator Hill: "With the small revenue increase which our farmers can expect from a cotton support price at 82 per cent of

parity coupled with an increase in the price they get for their cotton seed, our farmers in Alabama stand a much better chance of making a modest profit on their 1961 crop.

"Without this combined incentive, many of our farmers simply will not plant in 1961. And underplanting, of course, means further danger to our future acreage allotments and to our entire cotton industry in Alabama," concluded Senator Hill.

Homemaking, FHA members must complete one semester of Home Economics and be members of Future Homemakers of America. Applicants must set and work toward goals to improve herself individually, her home, chapter, school, and community. The recipients of this award must also show an understanding of the purposes, goals, and projects of the Future Homemakers of America.

"Happy Is The Home Where God Is" was the subject of the devotion given by Clara Gautney and Beverly Hice at the February meeting of the FHA. Sadie Mewbourn, assisted by Linda Gautney, gave the program that centered around building a wholesome family life. Sadie pointed out the roots of family living are trust, faith, love and security. Growing from these roots stem democratic living, sharing responsibilities, and mutual understanding.

After the meeting punch and cookies were served by the social committee.

P.T.A.
Mrs. J. R. Waddell, introduced by Hubert Greene, president, was in charge of the Founder's Day Program for the February meeting of the Rogersville Parent-Teacher Association on Thursday evening. Taking part in the playlet, "Of Any Child Alive," were Mrs. Kellmer Weathers, Mrs. Hubert Beddingfield, Mrs. John Roberson, Mrs. Sam Whitehead with Mrs. Waddell serving as narrator.

From an informal living room scene the characters discussed the beginning of Parent-Teacher work, lighting their candles, which represented hope, courage, cooperation, wisdom, diligence and companionship, from a single candle turning the semi-dark scene into one of brilliant light as the program proceeded.

Mrs. Waddell gave the devotional with Priscilla Waddell at the

planning a dream home?

LET US HELP

Building or remodeling your home is a big job. And we'd like to offer our services to help you plan your uses of electricity.

At your request, we offer the services of engineers, home economists and other technicians to help you plan for the most efficient, economical use of electricity. They will answer such technical questions as:

- How much would electric heat cost?
- What type of heat would be best?
- What size entrance panel is needed?
- Where should the lighting fixtures go?
- Will the wiring accommodate the appliances?
- How should the kitchen be arranged for easier housework?

These are just a few of the typical questions that our planning service answers. This service is free. Call us for more information.

Come to Church for Services
"A FAMILY THAT WORSHIPS TOGETHER — STAYS TOGETHER"

Basically A BANQUET

Only wise men and hungry children fully appreciate their blessings!
Many of God's gifts, like the air we breathe, are received without thought. Others, like the abundance of the harvest, we think about only in season. Still others, like our religious heritage, get varying degrees of attention and response according to our spiritual perception . . . or the precariousness of our plight.
This isn't Christmas . . . or Easter. And we hope it is not a time of personal crisis for you and your family . . .
If it's just a normal week, full of the routine of life—then it's an ideal time to remember your blessings. And Sunday will be an ideal day to begin, renew or strengthen that wholesome habit of worshipping God in the church of your choice.

Copyright 1961, Keister Adv. Service, Strasburg, Va.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Bro. Bill Kaylor preached at the USA Presbyterian Church last Sunday.

Bro. Jimmy Johnston will preach at the Cumberland Presbyterian Church the second Sunday in March. All visitors are welcome to come to hear him. The service will be at 11:00 o'clock a.m.

The Home Demonstration Club met with Mrs. Linnis White for its regular monthly meeting. There were 11 members to be present with one visitor, Mrs. Doris Sewell. The demonstration was given by Miss Sara Frances Conner, the Home Demonstration Agent, which was about "Dress Fitting." After the demonstration was given plans

were made for the next leadership meeting to be March 15, and Mrs. Roy Hammonds, Mrs. Jane Eice

White were elected to attend. The club is making a quilt to be given away in the near future to the one who holds the lucky ticket to be drawn. When the tickets are sold the fund will go for different ways that are needed for the Club's projects as, in the improvement of the park here. After the meeting refreshments were served by the hostess.

Quilting has started in the community again this year so, it must be about Spring. There are about 30 ladies in the surrounding area who came to Mrs. Mollie Hammonds home last Tuesday with lunch and all day quilting. They finished 6 quilts by a few going back the next morning and finishing one that wasn't completed the day before.

We are sorry of the passing away of Mrs. Will Trapp last Friday. She had been in the hospital at Dr. Jackson's at Lester for several days. We sympathize with the entire Trapp family and other relatives.

Mrs. Mollie Hammonds, Mr. J. N. Walker, Mrs. Sallie Shelton, Mrs. Rosa Walker, and Mrs. Agnes Williams attended the funeral of Mrs. Eliza Griffin at Sweet Gum Flat Primitive Baptist Church last Thursday afternoon. The burial was in the Pettus Cemetery near Lexington with Spry of Florence directing. We sympathize with her family and relatives.

We are sorry to hear that Mrs. Pauline Braly is to be in the hospital for treatments we hope that she will soon be recovered.

Mrs. Lillie Stutts is confined in the ECM Hospital. We hope that she will be recovered very soon.

Robert Lind has returned from a business trip to Naugatuck, Conn. Mr. and Mrs. Horace McLaurine and Jean Ann were guests of the H. L. McLaurines in Iron City, Saturday.

Mr. and Mrs. Albert L. Richardson and Wanda of Florence were guests of the Tom Thorntons Sunday.

Save outside lettuce leaves, though slightly wilted; simmer them in homemade soup for flavor. And celery leaves superbly flavor chicken baked in the oven, pot roast, or oyster stew.

Diorama Will Be Available In May

Work has been completed on the 1961 version of the Florence State College yearbook, The Diorama. Every student attending the college will receive an annual this year since the price was collected as part of the matriculation fee. This is the first year that the yearbook has been made available to students in this manner. There will be 296 pages in the book, which will make up 8 sections. Tint will be used on 8 pages. A natural color picture of Bibb Graves Hall will be on the front cover. "This is certainly the biggest

yearbook we have ever produced and we hope it will also be the best," said Nelson Van Pelt, faculty sponsor.

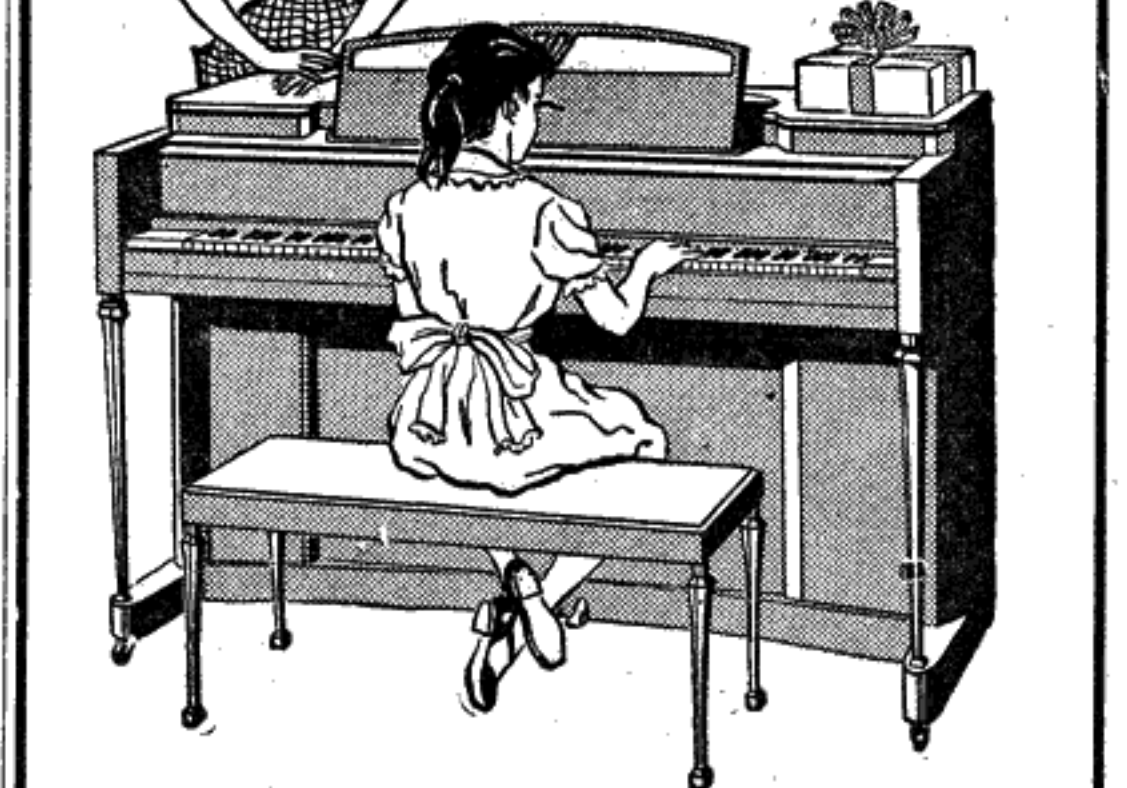

It will be available for distribution around the first week of May, according to Janelle Holley, editor.

- For best results with peat pots:
1. Fill pots with good, loamy soil mixture.
 2. Treat seed to protect against seed rot and damping-off.
 3. Water heavily the first time—extra water is to wet the pot.
 4. Water plants thoroughly in bed before moving pots to field.
 5. Cover pots completely with soil when set out or the peat will act as a "wick," causing soil to dry out.
