The People Will Remember

Under the Constitution every American is entitled to think, to speak, to assemble and to worship as he chooses. The spirit and the letter of the Constitution provides these things but it made no provision for religious bigotry. Protestants, Catholics and Jews alike were among the founding fathers and all creeds and races contributed to the making of this great country a haven of freedom.

Ask The County Agent

Farm income in Lauderdale County can be virtually doubled in ten years our capable county agent points out. For instance, he points to the fact that too many calves are shipped out of the state because of a lack of feed and after being "fed out" are returned to Alabama and sold to consumers as "Western beef."

An Excellent Program

CBS's auto safety series, narrated by Edward R. Murrow, on Monday nights has been a most effective instrument in bringing forcefully to the American public first hand accounts of the terrible traffic toll of our highways and how this is being reduced through the application of common sense plus a more rigid clampdown on offenders.

Negro Rescued, Dies From Clot
Harry Miller, 44, a Negro workman, who was rescued last week after spending 20 bitter-cold hours trapped in a caved-in cistern, died Thursday apparently from a "blood clot." He was the father of five children.

Seamen Rescued From Tanker
An American tanker, the Pine Ridge, which snapped in two Wednesday during a howling gale in the Atlantic, was struck with such sudden disaster there wasn't time to dispatch an S.O.S. Twenty-eight of 29 crewmen trapped on the tossing stern were rescued by Navy helicopters. One man remained aboard to guard against salvagers. Little hope was held for the eight others who were aboard the ill fated vessel; they apparently either were swallowed by the mountainous seas or went down under the capsized bow.

Submerged Sub Fires Missile
The nuclear submarine Robert E. Lee successfully launched a Polaris missile while submerged beneath the Atlantic 30 miles off Cape Canaveral, Thursday. Compressed air ejected the rocket from one of 16 vertical launching tubes which stand in pairs down the broad spine of the 380-foot submarine. The Lockheed-made missile spurred to the surface, ignited an instant later and raced to its target 1300 miles down the Atlantic range. Cmdr. Ruben F. Personality Sketches

By ANN MATHIAS

FRANK GEISE CROW

"As a native and lifelong resident of Florence, except for the period spent in college, the Army and a few short years with headquarters in Memphis, it has been most interesting to me to watch the sound and steady growth of my home town throughout the years. Now, in my work, I find myself in a better position to watch and judge this growth."

Mr. Crow was a member of Service Company, 106th Medical Regiment, Alabama National Guard and in 1940, the local unit was made a part of the 151st Combat Engineers Regiment and shortly was called into active duty in 1941, a year before the start of World War II. At the time of his induction into the Federal Service, he was commander of his unit, which was ordered to Camp Shelby, Miss. to begin active training. Three months later, the regiment was moved to Camp Claiborne, La. and on December 24, 1941, was ordered to the Seattle Port of Embarkation. The regiment left Seattle for King Cove, Alaska where it was stationed for eighteen months. Mr. Crow was serving as regimental construction supply officer during that time, and in the early part of 1942 was promoted to the rank of Major. In 1943, the company was transferred to Amchitka where it remained until June, 1944.

In 1945, Mr. Crow returned to the States and for a time was stationed at Fort Leonard Wood, Mo. His old regiment was de-activated and he was reassigned as battalion commander of the 1433rd Combat Engineers Regiment which was ordered to the European Theatre of operations through the New York Port of Embarkation. The regiment was first stationed in England and then ordered to France at the time of the Battle of the Bulge. While in France, the regiment's primary mission was the maintenance of the lines of communication around the Rhienis area, however, it also was engaged in converting army barracks into hospital facilities in view of the casualties predicted. The regiment was stationed in the area of Schweppes when VE day arrived. Mr. Crow returned to the States and to Florence in late 1945, and in 1946 was relieved of active duty. Upon his return to the United States, he was promoted to Lieutenant Colonel in the United States Army Reserve, which rank he still holds.

Home Reception Follows Gist-Brown Church Vows
A six o'clock ceremony in Shiloh Church of Christ marked the exchange of vows on Saturday, December seventeenth, when Miss Rebecca Jo Gist became the bride of William David Brown, with Charles Kretzer, minister of the church, officiating.

Parents of the couple are Mr. and Mrs. Edgar Gist and Mr. and Mrs. Hugh Brown, all of Florence.

Mr. and Mrs. Manson Behel presented a musical prelude.

Tall standards of white gladioli and chrysanthemums against a background of greenery decorated the altar, lighted by tapers in ivy-entwined wrought iron candelabra. Candelighters were Evelyn Wallace and Linda Brown.

Mr. Gist gave his daughter in marriage. For the occasion, she wore a gown of lace and net over brial satin designed with a molded bodice and full, floor-length skirt. Circles of pearls embellished the portrait neckline and long sleeves tapered to points over the hands. Her veil of double illusion cascaded from a satin headpiece jeweled with rhinestones and pearls and she carried a bride's Bible marked by a white orchid showered with stock florets and miniature ivy.

Mrs. John Abbott of Huntsville served as matron of honor, and bridesmaids were Miss Sarah Curtis, Miss Joyce Banks, Miss Jeanette Johns, and Miss Doris Moody. They wore Dior blue frocks with small white feather hats and their bouquets were fashioned of white carnations and pompons. Sandra Gail Lindsey and Lani and Deta

Abbott, flower girls, were in pink taffeta and carried baskets of pink blossoms.

Douglas James, Memphis, was the bridegroom's best man and ushers were Rayford Gist, Glenn Gist, John Abbott and Larry Gist.

Mrs. Gist, mother of the bride, wore a dress and matching hat of soft blue and Mrs. Brown, the bridegroom's mother, chose blue in a deeper shade. White carnations were their corsages.

Mr. and Mrs. Gist were reception hosts at their home immediately after the ceremony. Assisting were Miss Eula Mae Howard, Miss Laythine Kretzer, Miss Ann Jaynes and Miss Margie Gist.

For traveling, the bride wore a suit of blue wool, white feather hat and black accessories and at her shoulder she pinned the orchid from her bouquet.

Mr. and Mrs. Brown have returned from a honeymoon on Lookout Mountain and are at home in Greenhill.

Home Ceremony Marks Smith-Balch Nuptials
Taking place in the home of the bride's parents, Mr. and Mrs. Olen Smith of Killen, Route One, was the Monday, December twenty-sixth, wedding of Miss Edna Joyce Smith and Dallas Edward Balch, son of Mr. and Mrs. Junus E. Balch of Lexington.

Ivy-entwined candelabra and basket arrangements of pink and white gladioli detailed the improvised altar where the wedding tableau formed.

The bride wore a floor-length gown of white lace over satin and a fingertip length veil, and with her white Bible she carried a single white orchid encircled by white carnations.

Miss Ann Smith was her sister's only attendant.

Assisting at the reception which followed the ceremony were Miss Brenda Balch, Miss Faye Shields, Miss Glenda Robbins and Miss Frances Jones.

Summerell Talks To Exchange Club

The Rev. J. C. Cosby Summerell, minister of the First Presbyterian Church, Florence, was the interesting speaker before Tuesday's meeting of the Florence Exchange Club when he told of his experiences during the past summer when he served a church in Hadington, Scotland as an exchange minister. Dr. William E. Bradley was in charge of program arrangements and presented the speaker.

Mr. Summerell described the even life of the Scots, their homes, business methods and the beauty of their surroundings. He gave interesting sidelights on his own

activities as they related to his work and the life of the community picturing by contrast the standards of living he experienced there and in Florence.

The speaker urged that a better understanding take place between the people of this country and the British Isles because of the dependency each has on the other and for the making of better ties in all relationships.

THE SPILLWAY

We look forward to it throughout the fall, And Christmas's the happiest time of all. But few of us would survive, I fear, If Christmas lasted all the year.

WHICH MEANS that we're all walking with heavier feet now, from so much partyin' 'n' celebratin'. And by the time another few days have passed, the chances are, we'll be ready to start the New Year at the old steady pace to which we're normally accustomed.

BUT IT'S BEEN GAY... many say, the gayest season in many years. And the Open Houses have been numerous and lively... the Christmas night party at the home of Mary and Roy Doster is a must for many who look forward to it every year, and this year's party was, happily, "as usual"...

AND M A D A M E SPILLWAY COULDN'T POSSIBLY FAIL to mention the gorgeous party at the literally out-of-this-world home of the Elton Darby's... hosted by Mary Jane and Elton, along with Elna and Dowling Cox... from the chattering which Madame Spillway's sleuths have been listening in on, it would seem that there was a tie for first-place-conversation-piece between the indoor swimming pool with a dance-floor "lid," and the cute "real-live" Christmas card, which was the Darby's six month old daughter with "Merry Christmas" written on her little red pantied derriere... receiving the callers with her purse in the new children's wing.

THE GUESTS WHO ALMOST DIDN'T arrive were Mary Elizabeth and Bob Crooks with their bridegroom-son-Bobby and wife-of-a-month Jo... seems that somewhere on the way here from their home in Florida, a freak automobile accident demolished the car Mary Elizabeth and Bob were driving, but fortunately, Bobby and Jo were in the car behind them... so, undaunted, they continued their trip in one car, and came on for a happy family reunion with Adele Luna and the Charles Stewarts... and with the many friends who were awaiting their arrival.

SOMEONE WHO COULDN'T WAIT FOR SPRING, was Betty King... deciding that spring weather was just what daughter Susan needed to beat out the friend (which is a misnomer) the common cold, Betty and "Pete" packed Susan and Betsy into the car and headed for Tucson, Arizona... We'll wish for an early spring here so that they'll be hurryin' back, because we already miss them.

SOOO... HAVE A HAPPY NEW YEAR, AND BEST WISHES FOR A PROSPEROUS ONE... UNTIL MORE NEWS COMES THROUGH THE SPILLWAY... GOODBYE FOR NOW.

Bigger, Better Programs
This year television promises bigger and better programs yet. New programs, new personalities. And, best news yet, more comedy shows. Yes, there's something for everybody coming on TV. All three networks—NBC, CBS and ABC promise the biggest and best year yet. Why miss any of it when for just a 99c Connection Charge you can be connected to the TV Cable.

What Is "CABLE TV?"
In spite of the fact that we have been in business in the Muscle Shoals area for over 6 years and now have thousands of subscribers, many people still ask the above question.

THE ANSWER...
Muscle Shoals TV Cable is a "Community Antenna." We go 28 miles south of the quad cities and transmit via micro wave the signals of WBRC, WAPI and WBIQ-TV from Birmingham to our receiving antenna site in Florence. WSIX-TV, Nashville, is an "off the air" signal. WOWL-TV is a local pick-up at our Florence site. Then we cable these pictures from the receiving point into town and fan out a web of wires that bring the cable TV signal to our subscribers.

Cable TV supplies the demand for television reception to over 800 cities where interference, either from hills or man-made obstacles, make it

impossible to receive a normal TV signal. Distance from the originating stations is our problem in the Muscle Shoals area. TV signals travel in a straight line and we are below the normal "TV horizon."

With the MSTV Cable you have your choice of 5 Channels bringing all the national programs, educational TV and our own local UHF station. No converters or antennas are needed.

Yes! Cable TV costs you little, if any, more than the cost of boosters, rotors, antennas and the maintenance needed for any kind of intermittent reception.

Remember—the Cable will bring an acceptable and viewable picture 90% of the time. Don't go the wrong way—join the thousands of Cable TV subscribers.

Come in and get your Free copy of "OVER THE TV HORIZON"... Cable TV in words and pictures.

Come to Church for Services

"A FAMILY THAT WORSHIPS TOGETHER—STAYS TOGETHER"

A Boy Says Grace

"I thank thee, Father, for this food."

There is something very touching about a child saying grace. You feel that here is a small person who is really in communion with God. His earnest face filled with utter trust breathes the real spirit of thankfulness. He feels what he is saying.

And yet a prayer of thanks does not come naturally to a child. Just as he is taught to feed himself and brush his teeth and tie his shoe laces, so he must be taught to pray. Not taught exactly—but shown. He must be made aware of the loving Father's care.

Send your child to church school—take him to Church. There he will learn to recognize the presence of God in his life and to be grateful for the many blessings showered on him daily.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Wasted!!!

Dollars needlessly spent are a TWO-way waste! (1) You won't have them when you need them for something really important. (2) They contribute to inflationary pressures, help keep prices on the rise... wasting away the purchasing power of dollars you spend in the future. Saved dollars work just the opposite. Deposited in your savings account, they earn extra dollars for you. They help keep inflation under control, help you to get MORE for the dollars you spend later. Thus you are money ahead TWO ways when you spend wisely, save persistently.
