MRS. HERMAN RANDOLPH TODD

Mr. Mrs. Todd Return From Honeymoon In Smokies

Marked by an evening ceremony in Romine Church of Christ, Joyce Dean Romine became the bride of Herman Randolph Todd at seven o'clock on Tuesday, May thirty-first.

Parents of the couple are Mr. and Mrs. Wallace Walter Romine of Rogersville, Route Two, and Mr. and Mrs. Joseph Joshua Todd of Rogersville, Route Three.

Everett Bullington, minister, read the service following vocal presentations by William Derrell Davis, Florence.

Mr. Romine gave his daughter in marriage before an altar detailed with great arrangements of white gladioli. Her gown of white nylon over the bridal taffeta was designed with a close fitting bodice and very full floor-length skirt and distinguishing features were the neckline which formed a deep V at the back and the criss-crossed cummerbund. Her fingertip veil of white nylon was dotted with tiny lace florets and caught to a head-dress of matching lace. With her white Bible she carried a white orchid.

and Mrs. Todd are now at home in Rogersville.

Thomas Golding Flowers Takes Bride In Andalusia

Mr. and Mrs. Harvey Lee Rabren of Andalusia have announced the marriage of their daughter, Norma Sherry, to Thomas Golding Flowers, son of Mr. and Mrs. Hubert Alan Flowers of Florence.

Graduated from Alabama College at Montevallo, the bride is the granddaughter of Mrs. E. C. McLelland and the late Mr. McClelland, and of Mr. and Mrs. John T. Rabren, all of Andalusia.

Mr. Flowers is the grandson of the late Mr. and Mrs. John Crawford Golding of Columbus, Mississippi, and of the late Mr. and Mrs. Alpheus Flowers of Ozark. He was graduated from Florence State College with a Bachelor of Science degree.

Their marriage was solemnized in Andalusia on Friday, May twenty-seventh, at the home of the Reverend Kenneth Bush, minister of the First Baptist Church and officiating clergyman.

After a brief visit to the bridegroom's parents at the family home on Olive Street, Mr. and Mrs. Flowers returned on Saturday to Andalusia where they are both members of the High School faculty and where they are at home at 305 Fourth Street.

Elna Carole Springer Weds In Greenhill Church Setting

Solemnized in Greenhill Methodist Church on Saturday evening, June fourth, was the marriage of Elna Carole Springer, daughter of Mr. and Mrs. Doek L. Springer of Greenhill, and Gerald Holden, son of Mr. and Mrs. Edward F. Holden of Florence.

Against a background of greenery, the candlelight altar was decorated with great baskets of white gladioli and lilies interspersed with branched candelabra of burning white tapers. Sandra Johnson and Mary Ellen Hamner served as candlelighters.

Vows were read by the Reverend J. O. Underwood following nuptial presentations by Miss Pat Monceret, pianist, and the Reverend W. H. Smith, vocalist.

Given in marriage by her father, the bride chose for her wedding a gown of lace over bridal taffeta designed with a fitted bodice and bouffant skirt. A Sabrina neckline outlined in scalloped and long sleeves which tapered to points over the hands were distinguished features. A necklace, worn by her maternal grandmother on the occasion of her own wedding, was the bride's only ornament and the "something old" of her attire.

Her veil of silk illusion cascaded from a crown of pearls and sequins and she carried a bride's

捧 marked by a white orchid encircled with feathered carnations.

Miss Shirley June Roberson served as maid of honor and bridesmaids were Miss Jo Chandler and Mrs. Michael Mecke. Their pastel frocks were fashioned identical to the bride's, as were the dresses worn by ring bearers and flower girls, Patricia Holden, sister of the bridegroom, Nancy Redding, Dottie Springer and Karen Johnson, cousins of the bride.

Glenn Holden was his brother's best man and ushers were Don Crump and Bobby Perry.

Mrs. Springer, mother of the bride, was gowned in rose-colored lace with which she wore white accessories and Mrs. Holden, the bridegroom's mother, chose a blue lace ensemble. Each complemented their attire with a corsage of white carnations.

The bride's parents were reception hosts at the family home in Greenhill immediately after the ceremony. Assisting were Mrs. A. A. Thorne, Mrs. Edward Myrick and Mrs. J. W. Riley.

When Mr. and Mrs. Holden left for their wedding trip, the bride was wearing a white costume with matching accessories and her corsage was the orchid from her bouquet.

Miss Dorothy Anne Davidson Bride of Thomas W. Greenhaw

The home of Mr. and Mrs. Robert Boone Davidson, 435 North Pine Street, Florence, was decorated with white blossoms and burning white tapers for the late afternoon wedding on Friday, June third, of their daughter, Dorothy Anne, and Thomas Wayne Greenhaw, son of Mr. and Mrs. William Alex Greenhaw, Jr., of Athens.

Etched with greenery, the mantel background of the improvised altar was fashioned of white carnations flanked with tapers, and tall standards of white gladioli marked the floor space.

The Reverend E. M. Barnes, pastor North Wood Methodist Church, read the four o'clock vows

and Mrs. Todd are now at home in Rogersville.

Thomas Golding Flowers, son of Mr. and Mrs. Hubert Alan Flowers of Florence.

Graduated from Alabama College at Montevallo, the bride is the granddaughter of Mrs. E. C. McLelland and the late Mr. McClelland, and of Mr. and Mrs. John T. Rabren, all of Andalusia.

Mr. Flowers is the grandson of the late Mr. and Mrs. John Crawford Golding of Columbus, Mississippi, and of the late Mr. and Mrs. Alpheus Flowers of Ozark. He was graduated from Florence State College with a Bachelor of Science degree.

Their marriage was solemnized in Andalusia on Friday, May twenty-seventh, at the home of the Reverend Kenneth Bush, minister of the First Baptist Church and officiating clergyman.

After a brief visit to the bridegroom's parents at the family home on Olive Street, Mr. and Mrs. Flowers returned on Saturday to Andalusia where they are both members of the High School faculty and where they are at home at 305 Fourth Street.

August, at which time they will go to Fort Bliss, Texas, where Mr. Greenhaw, a recently commissioned second lieutenant, United States Army, will report for duty.

Auburn Nuptial Event Of Cordial Interest Here

In the presence of a guest company composed of family members, college classmates and close friends, Martha Elizabeth Stuart and Dr. Frank Rencher Gutteridge, members of last Friday's Auburn University graduating class, marked their exchange of vows in the Auburn Methodist Church on Saturday, June fourth.

The bride is the daughter of Mrs. John Weymond Stuart of Florence and Auburn, and the late Mr. Stuart, and Dr. Gutteridge's parents are Mr. and Mrs. Clarence R. Gutteridge of Auburn, Florida.

High noon vows were read by the Reverend Powers McLeod, minister of the church, following nuptial selections presented by Miss Maraian Farnell of Mobile, organist, and Miss Katherine Ray Scott of Florence, vocalist.

Burning white tapers lined the ivory-embroidered altar and great golden vases of white gladioli, stock and pink snapdragons were placed beneath gold crosses on the altar.

Given in marriage by her brother-in-law, Robert G. Arello of Florence, the bride wore a gown of imported white silk organza and lace fashioned along princess lines. A Sabrina neckline and a long, tapering sleeves of lace which pointed over the hands detailed the fitted bodice, and the skirt featured an organza bow with streamers and a chapel train. A tiny gold cross, a gift to the bride during childhood from her great aunt, Mrs. L. O. Thompson, was her only ornament.

A tiara of pearl-encrusted lace held her fingertip veil of silk illusion and her crescent bouquet of pink rosebuds and tuberoses encircled a white orchid.

Mrs. Robert G. Arello of Flor-

ence was her sister's only attendant. She wore a blue satin sheath with embroidered organza overskirt and her headband was of matching material with a tiny eye veil. She carried a sheath of pink asters.

Beth Arello, niece of the bride and flower girl, wore an identically fitted frock of blue organza over taffeta and carried a basket of pink rose petals.

Dr. Don Farris of Nashville, Tenn., the bridegroom's roommate at Auburn, was best man and ushers included Dr. Tom Jones of Antioch, Tenn., and Ray Cavender of Auburn.

White cymbidium orchids were worn by the mothers of both bride and groom. Mrs. Stuart's gown was of blue and white organza accented and Mrs. Gutteridge wore a jacketed sheath of blue silk with white accessories.

A reception followed the ceremony in the banquet room of the church.

For travel, the bride chose a cotton tweed of olive green with beige trim. She wore bone accessories and, at her shoulder, the orchid from her bouquet.

Miss Shirley Jean Allen To Wed In Early Summer

Mr. and Mrs. Granville Allen, 1901 Hickory Avenue, Florence, have announced the engagement of their daughter, Shirley Jean, to Charles Wayne Wilkens, son of Mr. and Mrs. Ita Wilkens of Senath, Missouri.

The bride-elect was graduated from Mars Hill Bible School and from Larimore Business College. She now holds a position with First Federal Bank in Florence.

Mr. Wilkens, a graduate of Se-

nath High School, attended Missouri University. He presently resides in Florence and is employed at the Ford Plant.

Miss Myra Perkins Engagement Announced

Mr. and Mrs. George Stanley Perkins of Route Six, Florence, have announced the engagement and forthcoming marriage of their daughter, Myra Evelyn, to Billy Aaron Smith, Jr., son of Mr. and Mrs. Smith, Sr., of Florence, Route Four.

Best Wishes

A RECENT PARTY in our town
Delighted ev'ry guest . . .
It's being chatted all around
And captioned "Just The Best." . . .

A GOOD TIME WAS had by all . . . which includes hostesses and hosts and honorees . . . right alongside the guests . . . And a NUMBER of windings . . . rather than only ONE . . .

TWAS A WEEK ago this morning (Thursday . . . June 2) that Charles Poellnitz (one of a group of "conspirators" . . . as you'll shortly agree) called (his client) Edna Arnold for a ten AM "business appointment" which (he suggested) he'd come to her Mobile Street offices to fill . . . Arriving simultaneously and according to plans was Edna's big group of tenants . . . who'd arranged a surprise party for "the best landlady ANYBODY EVER had" . . . "The rest of you will have to wait . . . He came FIRST" . . . said unsuspecting Edna . . . as she indicated the earliest arrival and before she realized that THIS was an OCCASION . . .

There was a tremendous cake with the inscription "Acknowledging 328 Cumulative Years of Continued Good Relationship" . . . There was a gift (a charm bracelet with eighteen names and dates inscribed thereon) . . . And there's a warm and pleasant memory which will linger with the among-those-present group . . . and with the townsfolk who've "just heard" . . .

TWENTY-FIVE YEARS in the making . . . That's the story of the last Sunday Supper Party which was hosted at the Calhoun cottage at Lauderdale Beach . . . when honorees were Sarah and Rut Cunningham and the occasion was their Silver Wedding Anniversary . . . Arriving on the day of (their daughter) Joanne's twenty-fourth birthday . . . there was an additional bit of sentiment involved in the reminiscences of after-supper hours . . . as one of our town's favorite duos chatted with the day's party-givers who are numbered among their long-time friends . . .

ANOTHER DELIGHTFUL AFFAIR which is being currently chatted . . . includes the Country Club luncheon of a few days ago . . . when Mary Brown Hassell was honored upon the occasion of her graduation from Coffee Hill . . . Eleven members of a close-knit circle (known as "The Bunch") were guests on hostess-with-the-mostest Helen Simpson . . . "Twas ever-SO" . . . in many ways . . .

NEWS DRIFTS FROM Atlanta way . . . A party whirl is preceding Saturday's middleclass event of Judy Davidson and Jim Avant . . . with ex-Florentine Eliza (Malone) Stagg of Birmingham arriving in time for such festivities as (fr- instance) Mary Evans (Bailes) Malone's luncheon of Tuesday and Martha Lee (Smyth) Richardson's party of yesterday . . . Frances (Malone) and Clyde Davidson (mom and poppa of bride-Judy) will do the reception honors at their home in Decatur, Ga., immediately after the late afternoon I DO's are said . . . Ruby (Malone) Cash (of 24 Malone Circle) will join the family group tomorrow . . .

BUSY AS A BEE . . . Margaret Darby is in the midst of a week filled with delightful social buzz- ing . . . Tea guests were seated 'round Margaret-and-Wilbur's festive board yesterday evening . . . and exactly twice that number will gather in the same pleasant surroundings at dinnertime tomorrow . . . Theirs is a wedding whirl . . . too . . . They're entertaining family members of (their longtime friend) David Bouldin . . . who're here for David's native Missouri for David's nuptial event with Cynthia Vail come Saturday morning at ten . . .

ALSO CONTINUING busy is Betty Schuessler . . . who (along with other numerous and widespread activities) will be ADVIS- OR to the fraternity which continues in the formative stage at FSC.

TRAVELIN' HERE 'N' THERE . . . Clyde and Karl Tyree were in Knoxville during the week end for the 40th reunion of Karl's UT classmates . . . finding among the fifty members present about twenty-five of his best buddies of college years . . . RETURNING from a jaunt in the direction of the settlin' sun . . . Bert Danley reports being with Nell and Ernest Deal of Dallas, Texas, during recent days . . . with a "spot" of real visitin' on the agenda . . . GREETING SENT TO HELEN KELLER

The eightieth birthday of Helen Keller, world famous blind and deaf woman, whose life and work with the blind and handicapped has reached into the four corners of the globe, was celebrated in Tusculum, her birthplace, on Monday. A giant birthday card which will be sent to Miss Keller on June 27, her birthday, was signed by many of her friends and well-wishers.

Dividend To Be Paid On June 30

At its June meeting, the board of directors of The First Federal Savings and Loan Association of Florence, declared its regular semi-annual dividend, payable to its savings account holders. This dividend, at the rate of 4% per annum, will be paid on June 30th and will be the largest in the history of this progressive institution. It will be the 51st consecutive semi-annual dividend by First Federal which was established in 1935. "Not only will this payment be the largest in our history, but will be distributed to the greatest number of savers. Both our total savings and total assets are at an all-time high as we begin our second 25 year period of operations

total assets figure now be very close to \$25,000,000.00," according to W. L. Foy, Sr., president. "These figures have considerable significance since it not only reflects the continuous and steady growth of this community and healthy present economic condition, but is a fine tribute to sound thinking and the thrift of the citizens of the Muscle Shoals area who comprise the large number of savers in the group. We appreciate very much this show of confidence in our association and will continue to exert every effort possible toward the continued growth and economic betterment of this district and its citizens, through the rendition of a savings and loan service of highest order," says Mr. Foy. Every American, every year, receives the total output of 7.4% of land.

Hope to help pay for medical treatment for Gary Wayne, 22-month-old son of Mr. and Mrs. Gary Maddox, 842 North Royal Avenue, Florence. The infant has cystic fibrosis.

Every year in the United States an estimated 7,000 children become victims of this most dreaded childhood disease. Doctors estimate that it strikes one in every 600 who are born.
Cystic fibrosis is a disease that

chokes and starves a child at the same time. Mucus blocks the air passages, causing difficulty in breathing, coughing and chronic infection of the lungs. This mucus prevents the normal flow of digestive enzymes, upsetting normal absorption of food.

Victims of this disease require constant medical care and must have expensive medicines. The Maddoxes expect another child in July.

of boats or skiers in such areas. According to the regulation, such restrictions will be accompanied by appropriate signs stating the restriction in effect, together with the words, "Division of Water Safety, State of Alabama."

ACREAGE OF ALABAMA VEGETABLE CROP DOWN Fresh vegetable stands are doing a booming business these days. But, says Extension Marketing Specialist A. W. Jones, the 1960 acreage of vegetable crops in Alabama, as well as in other states, will be down. The state's crops and estimated acreage are as follows: snapbeans, 1400 acres; cabbage, 900 acres; cucumbers, 450 acres; strawberries, 950 acres; cantaloupes, 3200 acres; and watermelons, 19,000 acres.

Jones adds that watermelon acreage is up about seven percent in Alabama. And Alabama has the highest per acre yield of this crop of any state except Arizona and California.

New Regulations For Water Safety

Two new regulations under Alabama's Water Safety Law — restricting the age of boat operators, and the operation of boats and skiers in certain areas — went into effect this week after passage by Department of Conservation Director William C. Younger.

The age-limiting regulation stipulates that no person owning or having control of a mechanically propelled vessel shall permit anyone under 12 to operate that boat on state waters, unless accompanied by a qualified and capable operator 12 years of age or older.

However, this provision does not apply to a person under 12 who operates a boat in a Department of Conservation or U.S. Coast Guard officially recognized marine tournament, race or other event, the regulation states.

A second newly-passed regulation gives the state's Water Safety Chief authority to place a restriction on the speed boats on, or prohibit the entrance of boats into certain areas of water of the state, and to regulate or prohibit the use

PIPELINERS OF ENERGY Texas Eastern is Adding to the Energy Supply In addition to transporting energy in the form of natural gas and petroleum products, Texas Eastern also produces energy from its oil and gas wells. Through its Oil Division, Texas Eastern is carrying forward extensive oil and gas exploration and production programs. The crude oil produced by Texas Eastern is pipelined to refineries to be converted into scores of different products, including fuels to power airplanes, automobiles, trucks, farm and construction equipment, and to fire boilers and furnaces. The natural gas produced by Texas Eastern is either transported through pipelines to provide energy for consumers, or injected back into the ground to recover more energy-producing liquid hydrocarbons. Texas Eastern thus serves the nation in two capacities: as a producer and as a pipeliner of energy. TEXAS EASTERN TRANSMISSION CORPORATION Shreveport, Louisiana Houston, Texas

Telephone Talk by FORREST W. BRICE Your Telephone Manager

FATHER'S DAY is just around the corner—Sunday, June 19 to be exact. Maybe you've already planned how to "wow" Dad, but if you're stumped here's help. Now's the perfect time to give Dad an extension phone of his own. A gift of a handy extension phone would sure make life easier for any man. Private conversations in private—not to mention the nice, lazy feeling of a phone at his elbow after a hard day at work. Extension phones come in so many lovely colors, masculine ones included! Just give our business office a call and we'll give you all the details.

SHHHHHHHH-H-H-H... Approaching the outskirts of a small town, a motorist stopped to use an outdoor telephone booth. He was startled to read this sign on the door: "Please don't use this phone booth until the eggs are hatched!" When he peered into the booth, our friend saw two tiny eggs sitting inside a ready-made hummingbird's nest—the coin return slot. With an understanding grin, he returned to his car and drove on to the next telephone booth.

THIS IS my second summer here. I want to take this opportunity to tell all of you how much my family and I like your town. So many of you have done so many nice things for us. You people here in The Valley are real "Home Folks." Lots of times we tend to forget what a beautiful area we have here. Beautiful scenery and warm, friendly people. Anyone would love it. Thanks again for "Taking us in."

Come to Church for Services

"A FAMILY THAT WORSHIPS TOGETHER — STAYS TOGETHER"

HIS FEET ARE ON THE GROUND!

This man can see for many, many miles, but he's not up in the clouds; his feet are on the ground! Contrary to what some people think, that's what the Church does for a man, too. Certainly it gives him a broader vision; it lifts up his eyes to see God and the eternal values of love, truth, justice and service which God inspires. It gives him a divine perspective from which to view his job, his family, his country — his life!

But the Church always keeps that man's feet on the ground! It accepts him for what he is — regardless of the clothes he wears or the job he holds. It looks evil in the face and sees it for what it is — a devilish cancer which only God can cure. It keeps a man squarely in this world while it lifts up his eyes to see another beyond the horizon.

And this is what the Church can do for you! It can give you greater vision. But it's not up in the clouds. It keeps your feet on the ground!

THE CHURCH FOR ALL

ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Food And Feed Farm Problems

Alabama farmers are not farming in isolation but are part of an enterprise involving farmers and business people alike. Their problems center around a surplus of food and feed, says Extension Economist Foy Helms.

FLORENCE PACKING CO.

Extension Economist Foy Helms. And the greatest surplus in the U.S. now is a grain surplus. A survey reveals that getting wheat and corn in balance with demand would require a cut of 62.5 million acres in these crops. And a program to achieve this cut would involve some of the products grown in Alabama. It would result in more land being rented to the government and more farms out of operation.

Contrasted with supply of the grain crops, Helms says other major food items are in fairly good balance with demand. For example, beef will be more plentiful than last year but not enough to depress prices. The pork supply will be below that of last year with consequent higher prices. And broilers and fryers will be slightly more plentiful while eggs will be less plentiful. But dairy products are slightly up from a year ago, and fresh vegetables are down about five percent, states Helms.

MISS. ROBISON NAMED CHURCH YOUTH OFFICER

Mary Louise Robison, Florence, was elected treasurer of the Alabama Synod's (Presbyterian) Youth Council at a recent meeting of that group held in Birmingham. A member of the First Presbyterian Church of Florence, Miss Robison is the daughter of Mr. and Mrs. Sam Robison, 2359 Shade Avenue. She also served on the youth council of her church and is a Sunday school teacher.

Growing Demand For Skim Milk

There is a growing demand for skim milk with added nonfat milk solids.

The new fluid milk product has been commercially important only in the last five or six years, according to Dorothy Overby, Extension specialist in consumer education. The added nonfat ingredients give skim milk more body and make it appetizing as a beverage. They also add to its value in such essential nutrients as calcium and protein. And vitamins are sometimes added.

Contrary to its name, skim milk fortified this way is not always fully skimmed but contains less milk fat than whole milk. Besides the skim milk, other fluid products include buttermilk, sour cream, whole milk, flavored skim or whole milk, light and heavy cream, and yogurt. But the skim milk product is by far the most popular, and its percentage of sales is increasing.

Beef, Pork Still Biggest Bargains

Even though there is a big price tag on that beef steak or pork roast, it is still one of the biggest bargains in the grocery store.

The American Meat Institute points out that last year the average worker had to toll only 18 minutes to buy an average pound of meat. And this was one and one-half minutes less time than it took him to earn the same quantity in 1958, reports Extension Meats Marketing Specialist Ray Cavender.

If this saving could have been put into the bank, it would have meant a total of almost four hours of work time during the year. The all-time high cost of meat occurred in 1929 when 36 minutes of work was required to purchase one pound of meat. Since then this figure has gone up and down but reached its all-time low in 1956, when only 16.6 minutes of working time was required to buy an average pound of meat.

Cavender adds that meat prices are expected to remain at bargain levels this year.

Rains Helpful, Harmful To Cotton

The rain that helps the cotton grow often gives help to cotton insects, too.

Lauderdale County Agent L. T. Wagon explained that there are generally a lot of clouds and showers during July. Such conditions make it more difficult to apply insecticides. But July and August are the months when the most important job on any cotton farm is to fight cotton insects.

Cotton insect control means more than dusting or spraying when it is convenient, Wagon said. During rainy weather it is most important that cotton fields be treated every four or five days. Dust or spray applications made in the late afternoon give the best insect control in rainy weather.

The kind of insecticide used during periods of rainy weather is not important, Wagon added. The important thing is to keep one of the recommended materials on the plants at all times.

Wagon Sounds Weevil Warning

What are the odds that Alabama farmers will harvest a million bales of cotton this year?

"It's goal we can reach," County Agent L. T. Wagon declared, "if we will keep boll weevils from taking their usual toll of the crop and have good weather."

Boll weevils cause far more damage than bollworms, aphids, and spider mites combined during most years. Furthermore, Wagon pointed out, if a grower uses the right control methods for weevils, the materials will also be effective against bollworms and aphids.

Wagon estimated that boll weevils usually eat fields in Lauderdale County by about 25 percent. However, this cut could be reduced to 5 or 10% or less if proper cotton insect control measures are followed.

Increase Noted In Bulk Milk Tanks

There has been a big increase in the number of farm bulk milk tanks used by dairymen all over the nation.

According to a survey just completed by dairy equipment manufacturers, the number of U.S. farm bulk milk tank installations was up 20 percent last year. Extension Dairymen John Parrish reports that the survey showed 140,000 installations of bulk milk tanks in the nation on January 1 this year. Nearly 18,000 of these were in Wisconsin where there was a 22 per cent increase over a year ago. Michigan was second with over 10,000 installations, and Illinois was third with almost 10,000. Rounding out the top six were Ohio with 9,200; Minnesota with 8,250; and New York with 7,380.

Alabama increased installations 24.8 percent, and 600 percent of the grade-A dairymen in the state have bulk tanks, according to Parrish.

MOISTURE PERCENTAGES AFFECT SEED STORAGE

Moisture and temperature are the two most important things to consider when seed are stored. Extension Agronomist Melvin Moorer says Auburn Experiment Station researchers, in trying to determine a safe moisture storage level for seed crops, found that the maximum moisture percentage for crimson clover seed is 10 percent. Blue lupine and fescue grass can be safely stored at 11 percent moisture, white clover at eight percent. Small grain seed can be stored with 11 percent unless they are placed in tight metal buildings such as a metal grain bin. In that case, Moorer says, the moisture content should be reduced to 10 percent.

HARDEST TO CONTROL!

SPIDER MITE
Auburn University says:

1. Control of cotton insects calls for good judgment. You want to use ample insecticides at the right time and in the right way to protect the foliage, squares, and, more important, the bolls.
2. Examine each field of cotton once a week. When pests are numerous enough to cause damage, apply an insecticide of once.
3. When 10 percent of the squares are punctured by boll weevils, start poisoning. Treat fields every 5 days when necessary. To protect bolls during weevil migration, dust or spray every fourth day.

Do not stop treating fields until top bolls are about grown. Boll weevils often destroy more cotton during the last 2 or 3 weeks before harvest than at any other time during the season.

4. Bollworms may be a problem throughout the growing season. Good coverage of all parts of the plant is necessary to control this pest. Don't miss the top of cotton plants—that's where bollworms start.
5. Spider mites are hardest to control because they feed on the underside of leaves. Thorough treatment is essential for good control.

County agents have details on how to fight cotton insects.
