Urban Renewal Gets Boost From President Kennedy

Housing Authority, City Moving To Accelerate All Area Programs

Mayor E. F. Martin of Florence recently received a telegram from President Kennedy urging him to speed up urban renewal projects as part of the cure of unemployment. The President stated he has directed the Housing and Home Finance Agency officials in Washington and in regional offices to eliminate all delay and to cooperate with local authorities in beginning construction of these projects at the earliest possible time.

The telegram said, "Your city's rebuilding program can be accelerated and at the same time jobs can be provided to help meet our nation's unemployment problem."

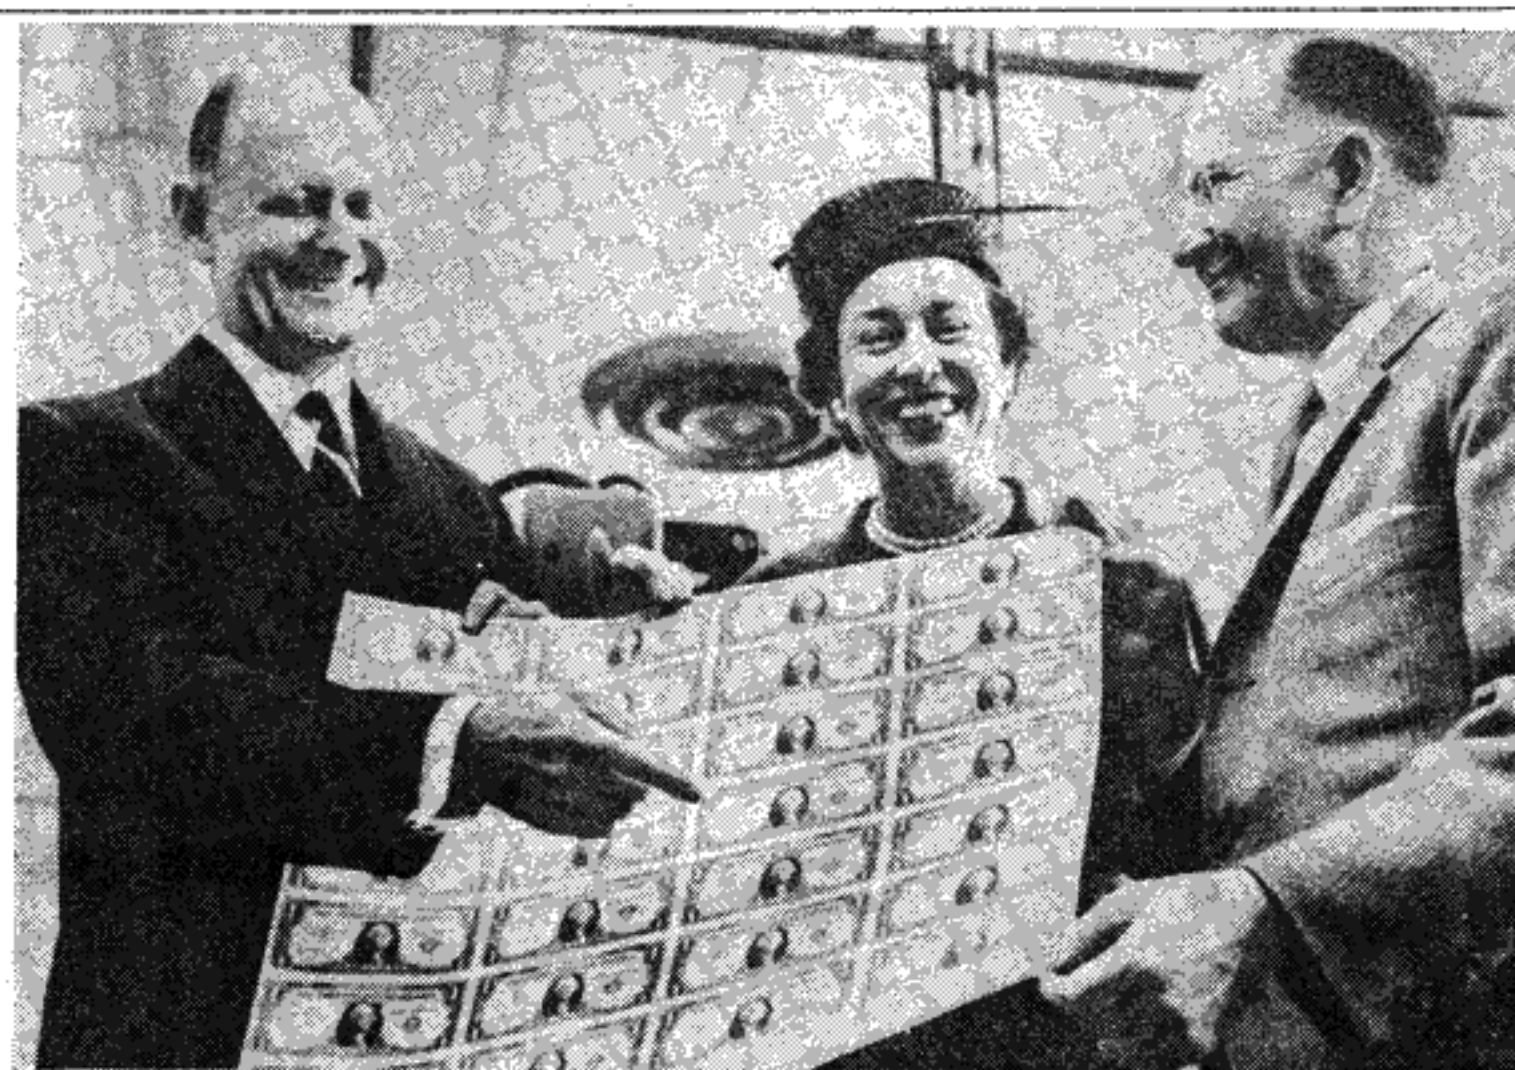

Mr. Martin wired back "we appreciate very much your telegram and are particularly happy that HHFA will plan to expedite project involving construction at earliest possible time."

Florence has started renewal of 44 substandard homes in the ECM Hospital-Burrell urban renewal program. About 15 per cent of the homes have been torn down and the Housing Authority expects to have the project substantially completed by the end of the year.

The Authority and Florence State College are actively working on plans for a project to provide expansion area for the college through the urban renewal. The area within this project will be purchased by the college after its clearance by the Housing Authority; occupants of the area will be eligible for regular and special federal relocation assistance.

Freeman Urged To Use Authority

Cotton Growers Are Facing Cut Unless Price Support Is Hiked

WHO WOULDN'T SMILE?—Mrs. Elizabeth Rudel Smith will be seeing her name everywhere she looks. She is the new treasurer of the United States, and her signature adorns all greenbacks. In the Bureau of Engraving and Printing, Washington, she holds the first sheet of "Smith" dollar bills with Treasury Secretary Douglas Dillon, left, and Henry Holtzclaw, director of the Bureau.

The Standard-Printing Co.

Hope was expressed this week by cotton state congressmen of early action by Secretary of Agriculture, Orville L. Freeman, for an increased price support for cotton.

The increase, if it is granted, would offset a price decline coming this year as a result of a change in figuring the support base, it was pointed out.

Representatives from several cotton states recently conferred with farm experts for the Kennedy Administration to work out an approach to the problem.

Jones Bill

A bill has been introduced by Representative Robert E. (Bob) Jones to provide a floor of 75 per cent of parity for the 1961 crop and postpone until 1962 any change in the support base.

The Jones Bill would prevent some provisions of the Agricultural Act of 1958 taking place this year. About five years ago, cotton price support was cut from 90 per cent of parity in 1955 to 75 per cent of parity for 1960 Choice A cotton. Present law would allow the Secretary of Agriculture to set 1961 cotton price support as low as 70 per cent. Jones said if this occurred, it could mean a cut of \$9 to \$10 a bale. It could mean a shift of the price support base from Middling 7/8 inch cotton to average of the cotton crop. Changing the middling base would mean a further cut of about \$8 a bale, Jones estimates.

Congress last year passed a bill that altered the base for figuring the support price and the change is effective with the 1961 crop. In past years the support base was figured on the basis of 7/8 middling cotton and the new formula bases it on average of the crop.

The effect, one member stated has been a larger cut than anticipated and stated he had figured it at 1 1/2 cents a pound.

Since it would be difficult for Congress to enact a bill going back to the old formula the Secretary is being urged to use his authority and hike the support price.

Hannah Named President County Education Group

W. C. Hannah, principal at Lauderdale County High School at Rogersville, has been named president of the Lauderdale County Education Association. Other officers elected were: vice-president, Miss Eva Dendy of Waterloo; and treasurer, Mrs. Clara Hawk, of Rogers. Mr. Hannah is a graduate of Central High School, Florence State College and has a master's degree from Peabody College. He was principal of a junior high school in Georgia for three years prior to coming to Rogersville five years ago.

He served in the Navy from 1945-47 and was a first lieutenant in the Army during the Korean War. Mr. Hannah is married to the former Miss Mary Jo White of Lexington.

Pageant, Parade In May

Civil War Observance Plans Are Announced

Mrs. Earl Holder, Tusculumbia, general chairman of the Joint Lauderdale-Colbert Civil War Centennial committee, this week announced plans for a pageant and other appropriate observances during the month of May. Assisting Mrs. Holder are vice-chairmen Rutland Cunningham and Dr. Bernarr Cresap of Florence, and John Newman, president of the Tennessee Valley Historical Society, sponsor of the commemoration.

The theme of the local observance will be to depict the departure of Confederate soldiers from both counties, presenting in a pageant the full roster of men and families, and other historical aspects with all participants dressed in appropriate uniforms and civilian dress of the period.

At a meeting on Tuesday night at the Tusculumbia Community Center the following plans were adopted by the coordinating committee:

Sunday, May 14—Flag presentation ceremony in Tusculumbia commemorating the raising of the Confederate flag over Franklin House, March 23, 1861. This flag was presented at the Female Academy by Miss Mollie Johnson and accepted by Capt. John Goodwin.

Monday, May 15—Flag presentation ceremony in Florence. Florence guards leaving. This will take place at Florence State and the part played by the Rev. W. H. Mitchell, pastor of the First Presbyterian Church, will be eulogistic.

Tuesday, May 16—The parade, "Salute to the Confederacy" which will begin in Florence and disperse in Tusculumbia. This will include Scouts, bands, various military units, Confederate floats, etc.

Wednesday, May 17—The pageant in Deshler stadium, Tusculumbia participated in by both counties.

Thursday, May 18—The pageant will be repeated in Deshler stadium, the time for both programs to be announced later.

Friday, May 19—Confederate ball (in costume) the location to be announced. (Will be held in Florence.)

Saturday, May 20 — Armed Forces Day parade to be the finale of the week-long celebration showing the nations again united.

Mrs. Mims Rogers has returned from a visit with her mother, Mrs. James Acker, in Aberdeen, Miss.

Underwood School Contract Approved

Construction To Include New Classrooms, Heating System, Auditorium

The Lauderdale County Board of Education approved a \$92,563 contract for construction of four classrooms and an all-purpose auditorium at Underwood School, Thursday afternoon. The contract also calls for heating the addition, which will cover 9,000 square feet, and the school's 11 other classrooms.

T. V. Lloyd Contractor, Sheffield, was low bidder on the project with \$92,988; however, \$425 was subtracted for the use of aluminum window frames instead of steel frames. The board instructed Supt. Allen Thornton and Allen Northington, architect for the project, to see if costs could be trimmed and bring the contract down to the State Building Commission's estimate of \$90,900.

Mr. Northington said the price could be decreased by using asphalt tile instead of vinyl asbestos floor tile, which would save \$800, and by eliminating a water cooler, which would save about \$200. The funds for the construction of the addition are coming from the \$100 million school bond issue.

The contract will be sent to Montgomery to obtain the signature of Gov. John Patterson. The construction of the addition is expected to begin on February 15.

LOCAL ARCHITECTS TO DESIGN POST OFFICE

Northington, Smith and Krantz, Florence architectural firm, and Hall and Colvard, Inc., architects in Decatur, have been awarded a \$55,870 contract to design a \$1.7 million post office and federal building to be constructed in Decatur.

They are to complete the plans within nine months. The announcement was made by General Services Administration Monday.

Mr. and Mrs. John Acton have returned to their home after several weeks in Florida.

Texas Eastern To Construct Station

Petersville Gas Elects Officers; Whittleman Is Named President

Texas Eastern Transmission Corporation of Houston plans to build a measuring and regulating station for Petersville Gas Company which will measure the amount of gas that will go to Petersville and will regulate pressure, according to a Texas Eastern spokesman.

Officers of Petersville Gas are John Whittleman, President; replacing Dan Davis; Tom Hughes, Vice-President; Lewis Hardcastle, Secretary; Howard Roberts, Treasurer; Members of the board of directors are Whittleman, Roberts, Hughes, Hardcastle and William C. Mahan.

The station, to be built in Colbert County, is to be constructed to help provide gas for the Armour Agriculture Chemical Company plant near Cherokee it was reported. The Armour plant will receive its gas from Colbert Consolidated Gas Co.

Shakespeare To Be Presented At Coffee Tonight

Florence State College will present Players Incorporated in "The Merchant of Venice" by William Shakespeare in Coffee Auditorium tonight at 8 p.m.

Currently touring for its 12th consecutive year, the company of Players Incorporated has become the longest running national classic repertory theatre in the United States in the 20th Century. They have recently completed an Off-Broadway engagement at the Carnegie Hall Playhouse in New York City.

The members of the company are graduates of the famous Speech and Drama Department of the Catholic University of America in Washington, D. C., noted for the many Broadway hits which have originated in the University Theatre. The C. U. Drama Department is under the direction of the Rev. Gilbert V. Hartke, O. P., one of the most prominent figures in the American Theatre today, and the founder of Players Incorporated.

Literacy Program Shows Progress

Movement At Shoals Now In Second Year Of Successful Operation

At the present time there are 100 students enrolled in 19 classes being conducted in connection with the Literacy Movement of Muscle Shoals, now in its second year of operation. These students range in age from 17 to 72.

Although it has been estimated that there are twice as many Negro non-readers in the Muscle Shoals area as there are whites, only about one-fifth of the present enrollment is composed of Negro students.

There are at present nineteen centers in operation, including 14 white and 5 Negro groups. Of these nineteen classes, seven are teaching Course II.

This year the Literacy Movement has a total of fifty volunteer teachers participating in its program. Of these, fourteen served last year.

The area supervisor contacts each center and teacher at least once a month to find out about new students, absentees, teacher and pupil needs, etc. It is hoped that by this close cooperation between the area supervisor and the class, the number of drop-outs will be kept to a minimum. The A. A. U. W. has offered an award to the students who have perfect attendance.

Deadline Set For Pre-measuring Of Allotted Acreage

Farmers in Lauderdale County who want to have their fields "pre-measured" by ASC performance reporters to assure compliance with acreage allotments were reminded today that February 15, is the deadline for filing such applications.

According to L. H. Rickard, office manager, Lauderdale County Agricultural Stabilization and Conservation Committee, official pre-measurement service in the County is offered in connection with 1961 cotton and soil bank base crop acreages. The purpose of pre-measurement is to help farmers guard against overplanting or underplanting their crop allotments, thus avoiding losses from unnecessary production expense from overplanting or loss of farm income from underplanting acreages.

Farmers who wish this service are asked to apply at the County ASC Office as soon as possible so that all such requests may be filled in advance of spring planting. At the time of application, the farmer will be asked to deposit sufficient funds to cover the cost of the work.

Legion Meeting Tonight At 7:30

Florence-Lauderdale Post No. 11, American Legion will hold its semi-monthly meeting tonight at 7:30 o'clock at the Legion home it is announced by Commander Laverne Tate.

This is to be an important meeting and everyone is urged to attend.

The Passing Parade

● Again the question is being raised by newcomers to our state regarding the required two-year wait before the privilege (or is it the right) to vote is theirs. Most states in the union require only one year residence before the privilege of casting a ballot in a local or general election is given and it seems that Alabama, with the great influx of new citizens, that one year of the present two-year period could be lopped off. This appeal is nothing new in our state but certainly the time has long since passed for the proper correction to be made.

In their latest edition, just off the press, in their description of this portion of our state, they speak of "scenic Northwestern Alabama."

"Then why don't you leave him?" asked the caller. "Oh, I'm going to," she replied as she dried her tears, "as soon as I get down to 120 pounds."

What About Foreign Trade?

Not only are we facing competition abroad, idling our factories and causing widespread unemployment, but we are now importing items that we formerly exported, causing a still further retrogression in our foreign trade level. We have only to look at the great influx of small foreign made automobiles that are flooding the American market to the detriment of this nation's greatest industry.

The individual buyer, concerned only with how much he is saving, congratulates himself on making a good buy without taking into consideration that this foreign job was made of steel produced in the country of its origin and by workers receiving pay far below the level of American labor.

The most striking example of how quickly the economic picture can change is reflected in reports from the steel industry. In 1954, we imported 783,657 tons of steel mill products. Four years later our imports jumped to 1,702,819 tons. While this was happening, our steel exports, which amounted to 5-and-a-quarter million tons in 1957, dropped to less than 3 million tons in less than one year. In other words foreign steel producers gained in the 1958 recession year more than 3,000,000 tons and last year aided by the steel strike scored an additional gain of almost 4,000,000 tons. A two-year loss of nearly 7,000,000 tons means the loss of a substantial market that did not provide work for American mills and workers.

More arithmetic . . . almost 1,800,000 tons of foreign steel came into southern ports last year. If that steel had been made in southern plants it would have provided jobs for 14,000 men. But that's not the whole story. That much steel could have meant 27,510 homes, it could have represented 22,400 automobile sales, it might have kept 2,240 retail stores in business and provided income for 1,680 professional men . . . to say nothing of over 100 million dollars in insurance policies and some \$70,000,000 in bank deposits.

But why go on . . . we goofed to put the matter in common parlance.

Because of rising production costs we were priced out of world markets in steel and many other commodities and we are not likely to get this business or any part of it in the foreseeable future.

The loss of foreign trade is only one of the many problems faced by the Kennedy Administration brought about through an almost willful refusal on the part of the Eisenhower Administration to recognize and cope with actualities.

However, it is wrong to hold the Eisenhower Administration responsible for causing this economic dilemma because this nation began pouring out its wealth into the coffers of Europe and Asia, with virtually no strings attached, during both the Roosevelt and Truman administrations . . . and both of these administrations ignored the warnings of competent economists that we were courting disaster.

Now in facing competition financed by our own dollars we see American workers out of jobs and American factories closed because of non-existent markets abroad and our own markets invaded by an influx of foreign goods produced by cheap labor and priced far below these same items produced in American mills and factories.

Fortunately America's economy is flexible and American ingenuity will triumph over setbacks but it will take some doing and meanwhile jobs will have to be found for the idle millions.

This is a big task and already the wheels are turning to make these jobs possible and productive. It will take the combined efforts of every community, county and state in the nation. The Federal government will help when and where help is needed but the policy of the "New Frontier" is "not what can America do for me but what can I do for America."

Soil Test For Profit

Once again we come to the subject of soil testing and its effect on agriculture in Lauderdale County. As a matter of fact it has already been reflected in better and more profitable farming for those who have used soil testing to determine what and how much plant foods to use on their particular farms. But there are many thousands of acres of tillable land that has not been soil tested and that is where many farmers are missing out on bringing their fields up to maximum production. Just having a soil test is of no value but putting it to use is and by taking the guesswork out of fertilizing there is a two-way saving: (1) Buying the right amounts of the right fertilizer. (2) Increasing productivity of each field tested.

The cost of a field soil test is \$1.00 plus postage. In many cases farmers will be able to take advantage of free delivery to the laboratory. Boxes for the soil with instructions on how to take samples are available at the county agent's office and farmers are invited to use these at any time. If it is not convenient to come to the county agent's office the vocational agriculture directors at the various county high schools will assist any farmer desiring to send samples to the lab. There is no obligation whatever.

The over all income of the county can be raised many hundreds of thousands of dollars by raising the per acre production of the basic crops, cotton, corn, grains, and hay. The way to this better production is through proper fertilizing . . . proper fertilizing can only be determined through soil testing.

Mr. Farmer, don't wait . . . have your soil tested and take the guesswork out of fertilizing.

Eighth Graders Held In Stabbing

Dorothy Holt and Linda Higdon, 13-year-old eighth graders at Danville School in Decatur, confessed partners in a fantastic murder plot, have been released in custody of their parents pending a Grand Jury hearing the week of February 20. They are charged with assault with intent to murder Willene Hill, also 13, a classmate, who the girls planned to kill after she caught one of them smoking. According to their statements, one of them stabbed her in the back with a butcher knife which punctured a lung; the other girl was to withdraw the knife and "finish the job" but Willene's screams frightened them away.

"Pirate" Captain Gives Up Ship

Portuguese rebel leader Henrique Galvao brought the hijacked liner, Santa Maria, to safe harbor at Recife, Brazil, Thursday and put ashore his nearly 600 captive passengers after a night of mutiny, riot and bloodshed below decks. A mob scene developed as passengers scrambled to get off the ship; debarking passengers reported several other passengers injured and some injuries among Galvao's band. Armed Brazilian marines are holding control of the ship to prevent the rebel skipper from carrying out his earlier vow to scuttle the liner rather than surrender his multimillion-dollar prize. Galvao has accepted asylum in Brazil.

N. Y. Times Loses Second Suit

Mayor Earl James, who charged that he was libeled in a racially controversial advertisement published by the New York Times, is the second official to win a \$500,000 libel suit verdict from the Times and four Negro ministers. The all-white state court jury deliberated two hours and 10 minutes before reaching a verdict Wednesday night. Police commissioner, L. B. Sullivan won a similar suit last November. Times attorneys said they will appeal. Their appeal in the Sullivan case still is pending. Similar suits brought by Gov. John Patterson and Montgomery City Commissioner Frank Parks remain to be tried.

Number Killed In Train Wreck

An 11-car Pennsylvania Railroad train, carrying some 300 passengers to Bowie Race Course at Bowie, Md., derailed Thursday and six hours later seven bodies had been recovered from the tangled wreckage of seven battered coaches. Between 100 and 120 persons were injured, of which 80 received hospital treatment. The engineer, Howard W. Horner, Camden, N. J., told state police his brakes failed to slow the train as it approached a cut off leading to the race track; the two diesel engines pulling the train derailed and toppled on their side down an embankment; the next two coaches tilted as they left the track and the others which were badly smashed, derailed but did not overturn.

Huge Sputnik Soars Into Space

Russia's new 7.1-ton Sputnik, whirling in an almost circular orbit around the earth mystified Muscovites as much as it did the Western world, but there were indications its task was done. In the absence of any official statements, observers speculated that the new Sputnik, man's newest object in space, may have served its purpose merely by soaring beyond the pull of gravity, a success for scientists interested primarily in launching a great weight on an "improved multi-stage rocket." Unlike past launches, Sputnik V received little or no fanfare.

TWO-YEAR RESIDENCE TO VOTE SAID ARCAIC

EDITOR: I recently had the pleasure of listening to Senator Bert Halton discourse before the Florence Rotary Club relative to Reapportionment and the attendant ills directly attributable to the lack of said Reapportionment.

It is seldom that one sees a dedicated public servant who holds the attributes of sincerity, desire, etc., so highly as Mr. Halton seems to do in espousing the cause of Reapportionment. It is indeed a pleasure to see an elected representative of this type when so few are called and, of the few, an extremely smaller number can generate any desire, initiative or attitude toward their constituents that Mr. Halton so expressed in a telephone conversation of recent date that I was privileged to have with him.

Having been transferred to Alabama in January, 1960, I applied for voting privileges in January, 1961. This voting privilege is the inherent right as granted under the Constitution of the United States. You can well imagine my consternation at being informed that I had to be a resident of this Commonwealth for two years before I could become franchised to vote. I now feel like a second-class citizen, definitely discriminated against, and paying taxes (which I am most happy to pay) without benefit of participating in the self-determination as to whom will be my chosen representative in the affairs of this state. Mr. Halton has advised me that Reapportionment will aid in correcting many of the obvious inequities now being imposed upon the citizens of Alabama.

From a brief study of local conditions, it appears that a minority of the elected representatives to the Alabama Legislature are imbued with the spirit of maintaining an archaic, antiquated and unbelievably inequitable status quo that affects the lives of all of us now residing within the boundaries of the state. I have been unable to ascertain any basic reason for this disenfranchisement for a period of two years after immigrating to Alabama other than the fact that it is "the law." To me this is not sufficient explanation of why we are considered stupid or unable to grasp the political and economic needs of the state within a period of one year which is the standard residential requirement in all states in which it has been my pleasure to become a resident.

Many of us have been transferred to the State of Alabama for epizootic reasons. We bring to

this Commonwealth the abilities, talents and whatever financial benefits have accrued to us in the past - all of which, apparently, are quite welcomed by long-time residents and elected representatives alike, but taxation without self-determined representation is most onerous to the majority of us who have been placed in this situation.

It is a well known fact that any archaic status quo can not be maintained nor endured when inviting industrial improvements, economic advancements and all the material and spiritual benefits that can accrue to Alabama by the influx of those of us who are, evidently, classed as "foreigners."

Let us as a group in Northern Alabama stand behind such representatives as Senator Bert Halton and, at least, give him the benefit of moral support in his endeavors to eliminate the discrimination, ancient philosophies and fear of general progress that he has obviously dedicated himself to overcome in behalf of the best interests of all of us.

Even though many of us have a residential record of short duration in the Commonwealth of Alabama, please do not discount our interest in advancing the better facets of this area.

Most sincerely,
John A. Sullivan

ernment can finance unusual repairs and farmers can do routine repairs," he stated.

If the program is carried out, about 10,000 acres of flood plain in Lauderdale county will be benefited by the dams, but there is no guarantee flood damage will be eliminated since there is always some uncontrolled flow in watersheds, but serious damage will be reduced. Flood control is the main purpose of the project, but additional uses of the water such as municipal or industrial water storage facilities and fish and wildlife development will enhance the chances of assistance.

State Reps. Charles Long and Bob Broadfoot, Probate Judge Estes R. Flynt, chairman of the Lauderdale County of Commissioners, Frank Crow, vice-president of the Chamber of Commerce, and other agency officials promised their support.

Personality Sketches

By ANN MATHIAS

CHARLES AUGUSTUS POELLNITZ

"Arriving in Florence a few days before President Roosevelt declared the bank holiday, I've certainly had the opportunity to watch this community go from the depths to an era of progress and prosperity. The people of Florence had high hopes then but a long period of depression had sapped

some of the community's strength but none of its desire to go forward. As an attorney — and now a longtime resident of Florence — I have been privileged to see so many of the dreams of our people come true," Mr. Poellnitz said as he looked back over his years in Florence.

"I came to Florence primarily because my mother's people came from this area and also because I saw in Florence the cultural background and high quality of its residences so similar to that of my hometown of Greensboro," Mr. Poellnitz added.

Charles Augustus Poellnitz was born July 2, 1909, in Greensboro, the son of the late Dr. Charles Augustus and Annie Roulhac Poellnitz. He attended elementary school at Greensboro and Price-Webb Preparatory School at Lewisburg, Tennessee. He was graduated from Alabama Military Institute in Anniston in 1926.

At both Price-Webb and Alabama Military Institute, he was a member of the football teams and participated in varied campus activities.

Following his graduation from Alabama Military Institute, Mr. Poellnitz entered the University of the South at Sewanee, Tennessee and was graduated in 1930 with an A.B. degree. He then entered the law school at the University of Alabama, receiving his L.L.B. degree in 1933.

While at Sewanee, Mr. Poellnitz was president of the German Club, president of his senior class, member and president of Sigma Alpha Epsilon social fraternity, and member of Blue Key, an honorary society. At the University of Alabama, he was affiliated with the mother chapter of Sigma Alpha Epsilon fraternity and was a member of Phi Delta Phi legal fraternity.

In 1933, after completing his legal training at the University, Mr. Poellnitz came to Florence and with George Bliss Jones organized the legal firm of Jones and Poellnitz. This firm entered the practice of law in local and state courts until it was dissolved in 1938 when Mr. Jones was elected Judge of the Lauderdale County Law and Equity Court. Mr. Poellnitz then formed a partnership with the late William H. Mitchell, Sr. under the firm name of Mitchell and Poellnitz. This partnership later included W. H. Mitchell, Jr. The senior Mr. Mitchell died in 1954. Mr. Poellnitz today is the senior member of the firm of Mitchell, Poellnitz and Cox.

Mr. Poellnitz is an active member of Trinity Episcopal Church and has served as senior warden. He is now serving as a member of the vestry.

In his spare time, Mr. Poellnitz enjoys all sports, but golf and hunting are his hobbies.

Mr. Poellnitz's activities, both in his profession and the development of one of the city's most beautiful residential areas, have contributed much to the growth of his adopted hometown. His interest in civic betterment has been recognized over the years and his service to the Democratic party has long been appreciated.

Seven executives of giant electric companies, including General Electric and Westinghouse, described as "organization" men by Judge J. Cullen Ganey of Philadelphia, were given 30-day jail terms Monday for federal anti-trust violations and fined. Twenty-nine companies were fined a total of \$1,924,500 and forty-four individuals, \$137,500. Ganey called the indictments for price fixing and bid rigging, "a shocking indictment of a vast segment of our economy." There were 71 pleas of guilty and 90 of nolo contendere (no defense) to 2 indictments for fixing prices and rigging bids at secret meetings.

The trial of Harry Strange, ex-county solicitor involved in charges last Fall concerning fraudulent divorce decrees, was set by Circuit Judge Cecil Strawbridge of Vernon for February 17. Strange pleaded not guilty by reason of insanity Monday to two charges of forgery. The probe disclosed that possibly a dozen or more persons in the Franklin county area had received what they apparently believed were final decrees, but which had not been acted upon in court. The grand jury investigating the charge returned indictments against Strange listing forgery, false pretense and practicing law without a license.

The Northeast fought a relentless battle with muscle and machines Sunday to dig out from under a strangling Saturday snowstorm. Entire communities, including some major cities, were virtually immobilized under snow as high as 30 inches. A total of 17.4 inches of snow fell on New York, the heaviest snow to strike the city since December, 1947. The metropolis was so quiet you could hear an icicle drop. The blanket forced a halt to all but the most essential traffic and shut down the airports where several were stranded.

Grand Jury Will Convene Monday

Lauderdale county's Grand Jury will convene Monday, February 13, at 9 a.m. at the county courtroom before Robert M. Hill, Circuit Judge. The jury is to consider about 60 cases and is expected to be in session six or seven days. William L. Almon, Circuit Solicitor and John R. Barnes, Law and Equity Solicitor, will assist the Grand Jury in its investigation.

The 18-man body will be empaneled and will receive instructions from Hill before entering into deliberations.

Circuit Court will open Monday, March 7, following the jury's session, with jury criminal cases scheduled for the week.

Miss Haddock, Mr. Cobb Wed In Church Ceremony
Solemnized in Central Heights Methodist Church on Saturday evening, February fourth, was the marriage of Betty Louise Haddock, daughter of Mr. and Mrs. Louis Fulmer Haddock of Central Heights, and John Richard Cobb, son of Mrs. Richard Virgil Cobb of Shade Avenue, Florence, and the late Mr. Cobb.

and longtime family friend, was assisted in reading the seven o'clock vows by the Reverend John DeFoore of Florence First Baptist Church. Nuptial selections were presented by Miss Betty Lynn Miller, organist, and Roy Isbell, vocal soloist.

In marriage. Her gown of bridal white silk organza and Chantilly lace was designed with a molded bodice and voluminous floor-length skirt which extended to form a small train. Distinguishing features were the portrait neckline of the lace yoke, the long sleeves which came to points over the hands, the tiered panel of laced-edged tulle at the skirt front and the echo of lace which edged the hem. Her fingertip veil of double illusion fell from a jeweled crown of matching lace and with her white prayer book she carried a golden throated white orchid clustered with feathered carnations.

Attendants for the bride were Mrs. Robert Miller, matron of honor; Mrs. Fred Montgomery, Mrs. Thomas Abney of Montgomery, Miss Linda Cobb, sister of the bridegroom, Miss Cheri Derington of Murfreesboro, Tennessee, bridesmaids; and Theresa Cobb, also a sister of the bridegroom, and Janet May, junior maids. Mrs. Miller's full-skirted white taffeta frock was repeated for the other attendants in a soft shade of red, with matching veiled headbands and bouquets of long-stemmed white roses for all.

Clarence Prestige was Mr. Cobb's best man and ushers were Jack Nix and Don McNeal of Birmingham, Mickey Hauerwas and Robert Williams.

Mrs. Haddock chose for her daughter's wedding a gown of pale beige with beige and brown accessories and an orchid corsage; Mrs. Cobb, mother of the bridegroom, was attired in royal blue satin brocade, matching accessories and she, too, wore orchids.

Immediately after the ceremony, the bride's parents were reception hosts in the church parlors. Assisting with the courtesies were Mrs. Earl Haddock, Mrs. Howard Holtsford, Mrs. Charles Cominsky, Mrs. Granville May, Mrs. Ellis Haddock, Mrs. John Henry Haddock, Jr., Mrs. John Waller, Mrs. Robert Derington, Mrs. Mack Thompson, Miss Judy Stacey, Mrs. James Haddock, Miss Elaine Perkins, Mrs. Douglas Thompson and Miss Beverly Ware.

For travel, the bride changed to a beige suit which she complemented with a small Spring hat of matching shade, lizard accessories and, at her shoulder, the orchid from her bouquet.

Upon their return from a southerly honeymoon, Mr. and Mrs. Cobb will be at home at 1828 Stouts Road, Birmingham.

Out-of-town wedding guests included Mr. and Mrs. Robert Derington, Murfreesboro, Tenn., Miss Judy Stacey, Dr. Melvin Vaughn, Mr. and Mrs. Tommy Abney, Mr. and Mrs. Fred Goodyear, Miss Judy Crowson, all of Birmingham; Mr. and Mrs. Howard Holtsford, Heber Springs, Arkansas; Mr. and Mrs. Charles Cominsky, Mobile; Mr. and Mrs. Jack Nix, Don McNeal, Mr. and Mrs. Frank Sutherland, Mr. and Mrs. Coke Matthews, all of Birmingham; Mr. and Mrs. Joe C. Wilson of Winfield.

Miss Behel, Mr. Miller Say Late January Vows
Against a background of greenery flanked by basket arrangements of white, gladioli, the altar of Plainview Church of Christ was

lighted by tall candles in branched candelabra for the wedding occasion of Saturday, January twenty-first, when Miss Joyce Behel became the bride of Bobby Miller.

The bride is the daughter of Mrs. Vera Behel of New Lee Highway, Florence, and the late Rowland Behel, and the bridegroom's parents are Mrs. Bernice Ginn of Florence and Warren Miller of Russellville.

J. B. Walker, minister of the church, heard the nuptial pledges after songs by Mr. and Mrs. Howard Killen and Mr. and Mrs. James Coburn.

Albert Rickard gave his niece in marriage. Her gown of bridal peau de soie and lace was designed with a close-fitting bodice and gently flaring skirt and distinguishing features were the high rousing neckline and long, tapering sleeves which came to points over the hands. Her elbow length veil of double illusion fell from a scalloped cap of matching lace and she carried a bride's Bible marked by a white orchid encircled with lilies of the valley.

Miss Ruth Bevis served as maid of honor; Miss Wanda Ginn as bridesmaid and Delinda Behel, sister of the bride, was junior maid. Kathy Parker was flower girl.

The bridegroom chose Thomas Gray as his best man.

A reception at the home of the bride's mother followed the ceremony, after which Mr. and Mrs. Miller left for their honeymoon at points of interest enroute to the West Coast. They are now at home in San Francisco, California.

Miss Charlotte McMurtrey To Be Bride of Mr. Taylor

Mr. and Mrs. James Roy McMurtrey of Killen have announced the engagement and forthcoming marriage of their daughter, Charlotte, to Lucky Taylor, son of Mr. and Mrs. Silas Taylor of Greenhill.

Miss McMurtrey is the maternal granddaughter of Mr. and Mrs. J. Lee Wright of Killen and her paternal grandparents are John McMurtrey of Florence and the late Mrs. McMurtrey. She was graduated from Mars Hill Bible School and from Larimore Business College.

Her fiancé is a graduate of Rogers High School.

The wedding will be an event of March twenty-third in Highland Baptist Church, Florence.

Isbell-Pratt Vows Said In Late January

Following their marriage in Killen on January twenty-third, Mr. and Mrs. Ronnie Ray Isbell are now at home at 401 Aetna Street, Florence.

A 1960 graduate of Central High School, the bride is the former Juanita Pratt, daughter of Mrs. Dona Pratt of Florence, and of Elwood Pratt of Winfield.

The bridegroom is the son of Mrs. Olean Isbell of Florence, and the late Wallace Isbell.

Town Club Setting For Saturday Morning Coffee

Climaxing a week of pretty social affairs in Florence was the coffee to which Mrs. James Gilbert, Mrs. Sewell Jones, Mrs. Thomas Ashcraft and Mrs. Richard Henderson invited groups of friends to the Town Club between half past ten o'clock and noon on Saturday.

Arrangements of Spring blossoms graced the entrance hall and the double parlors where the hostesses were assisted in greeting their guests by Mrs. James H. McIntosh and Mrs. Henry Herndon.

Appointed with an embroidered cloth of linen and lace, the coffee table was centered with a silver bowl of jonquils and Dutch iris, tulips and acacia, and alternating at the coffee services were Mrs. Foster Barnwell, Mrs. Walter Matthews, Mrs. F. F. Beauchamp and Mrs. Roy Crabtree. Assisting them were Mrs. John Brabson, Mrs. Wesley Patton and Mrs. J. Emory Morris.

About a hundred and fifty guests were included in the hospitality.

Current Events Club Hears Guest Speaker

On last Thursday afternoon Mrs. H. H. Floyd, Current Events Club hostess and in charge of the day's program, welcomed members at half past three o'clock at her home on Spanish Oaks Court and, after the business period, introduced Mrs. T. B. Shotts whose program on "A Profile of Mr. Kennedy" was of timely interest.

From a collection of "portraits" by Washington correspondents, Mrs. Shotts read excerpts from Fletcher Sebner's "Kennedy of 1960," adding interest with anecdotes about the President's courtship with the former Jacqueline Bouvier; about his informal campaigning for the Senate against Henry Cabot Lodge.

Mrs. Wayland Tedder and Mrs. John Finley were present with club members for the program and the late afternoon tea hour.

Garden Club Members Alerted To Annual Meet

Seed catalogs, daffodil directories and library books, the mid-winter confederates of garden clubbers over the state, will be put aside with unanimous consent on Feb. 21 when the Muscle Shoals Area in Region One will be host to the 4th Annual Garden School at Florence Recreation Center, 421 N. Royal Ave., Florence.

Charles L. Clemons, Jr., landscape architect of Montgomery, is chairman of the Garden School presented by the Garden Club of Alabama. He has arranged a special program designed to balance all phases of gardening including conservation, horticulture, landscape architecture and an unusual

flower-arranging demonstration. Frank Haynes, Alabama Public Relations Department, will speak on conservation. Holly Mitchell, landscape engineer with State Highway Dept., will discuss Roadside Development and Highway Beautification. Lewis Clark, prominent landscape architect of Raleigh, N.C., will be the principal speaker. Mrs. George Holcombe, Birmingham, will comment on the flower arrangements for terrace and patio designed by members of local Flower Show Judges Council.

Mrs. Earl R. Stamps, Sheffield, Regional Chairman, urges all club members to mail their applications before closing date, Feb. 14, to Mrs. Charlie G. Morris, 610 N. Cave St., Tusculum. The school is limited to 200 due to lack of seating space. To be a Green Star Club, at least one member from each club must attend. Hours are from 8 A. M. to 3 P. M., with luncheon included in the registration fee.

Doctor Norvell Speaks To Florence Study Club

"Delightful and most interesting" was the descriptive phrase used by Florence Study Club's reporter in speaking of the program given before the club on Tuesday afternoon by Dr. S. S. Norvell.

President of the Muscle Shoals Coin Club and Vice-President of the Alabama Numismatic Society, the guest speaker, supplemented his talk on history of paper money in the United States by displaying his collection of rare coins and old bills.

Miss Mary Wallace Kirk was hostess to the meeting including Mrs. Norvell in the hospitality; The Town Club was the setting; Mrs. Henry Campbell and Mrs. Earl Fraser served salad and coffee from opposite ends of the tea table during the refreshment hour.

Juvenile Music Club Has February Meeting

A program of patriotic and folk music was featured when the Juvenile Music Club met at the Parish House on Saturday afternoon, February 4. The group joined the president, John Bowron, in repeating the club pledge, after which everyone sang the state song, "Alabama."

After a short business session a musical program was enjoyed by 57 members and a number of guests. Appearing on the program with piano numbers were Teresa Woodall, Kay Abernathy, Donnie White, Glenn Fleming, Ardith Ann MacLafferty, Kathy Nix, Linda Clark, Winky Rudd, Gayle Rudd, Ramona Rice, Susan Haynes, Gay Blouin, Meredith Lindsey, Paige Lindsey, Robert Mager, John Bowman, Laura Jane Thomas, Mike

Kessler, Jeannie Hamilton, Judy Hibbett, Linda Gibson, Susan Smith, Ceda Wilson, Shirley Tune. A special feature was the tape-recorded organ solo by Evalou Richardson, a club member, which was played for the group.

The afternoon's study centered around the composer, Joseph Hadya, and a Hadya statuette was won by Jimmie Frances Fogue. The social committee was composed of Daphne Thompson, Kathy Nix, Cynthia Hayes, Jimmie Fran-

ces Fogue, Ann Cranwell and Judy McCord. Mrs. W. P. Shanks is club sponsor. Use cleaning fluid only in a well-ventilated room or outdoors.

THE SPILLWAY

In the way of news.
If you'd give us line,
Then you'd certainly be
OUR VALENTINE!

AND THIS IS ALL your friend Madame Spillway would ask on this Valentine's Day of 1961! And, if the candy makers will forgive us, we'd like to say, leave off the chocolates this year, because our household is about to take the Metrecal path . . . And did you hear about the smart husband Alton Capshaw, who is one of our favorite salesmen (at Milner Drug store)? He gave his wife a box of candy, calories and all — but to be sure that she could enjoy it without a pang of conscience, he wrapped it with an equal amount of Metrecal! Also hear that our good friend Ann Beck is now trying this famous diet. As a fact, the hoola-hoops were just a ripple!

ON OUR "ENVIED" LIST THIS WEEK are Julia Walker and Josephine Penney, who have left the local-beak days behind and are "traveling the coasts" of Florida . . . And not very far behind are Lollie and Preston Reeder who're expecting to search out some of Florida's well-known golf courses for the next few weeks. We just hope that they won't copy brother-Otho and become so enthusiastic over the Florida sun that they forget to come home.

OUR BEST WISHES go with George Fogleman, Jr., who has joined up with his Uncle Sam at Fort Jackson. We can bet that mama-Ruth and papa-George will be South Carolina bound when the school term is over for Ruth. By the way, we saw Ruth's Rogers High Glee Club on the local television station recently, and would like to congratulate her on her fine group of singers, who are fortunate to have such a capable and talented director.

ALSO ON THE TELEVISION SCREEN, we wouldn't have missed the program the day Margery and Shaler (Dr.) Roberts' younger daughter, Laura, had her fourth birthday party. (Hear that grandmother-Minnie had a "viewing party" on the side, and we don't blame her.) We might add that sharing the title of "star" of this show was the honoree's five year old sister, Joris, whose brilliant performance probably earned for her an offer to be a permanent member of the show.

A GAY HOUSEHOLD last week was in the Tuscaloosa Street home of William and Rachel Graham. Son-Dick Coffee, was here with wife and young sons, Marshall and Graham — here while in the process of changing stations from Germany, where they've lived in several different places during the last four years, and Chanute Air Force Base. From what we hear, this visit of theirs was especially enjoyed by the Graham's teen-age daughter, Mary.

ANOTHER GAY HOUSEHOLD has been that of Geneva Boston, because daughter-Sandra has been here with hubby-dentist James (Dockery) and the real reasons for the gaily — little ladies Dee and Debbie.
PARTIES AND MORE PART-

IES — the luncheons given by Marguerite Lucas and Peggy Perry last week were especially gay affairs, and "the ladies" looked like so many fashion plates — Gene Hibbett was the stylish-wife of our Superintendent of Education in a sophisticated black outfit — Ruth Flagg was lovely in royal blue dress 'n hat — and so was Louise Johnson in blue, of a lighter shade — and we must mention Gertie Crow's eye-catching derby and Olivia Roulhae's brown fur "tippet" . . . Then, there was the LARGE morning coffee given on Saturday by Martha Gilbert, Louise Jones, Jean Ashcraft, and Lou Henderson — where late winter "high fashion" was much in evidence — we noticed especially Christine Helton, very up-to-the-minute in style in a beige suit with more-beige fur collar — Blanch Fall was also becomingly attired in beige — and looking very lovely in a pink flowered chapeau was our neighbor-from-across-the-river Harper (Gilbert) Wagstaff . . . In passing, we might add that these aforementioned parties were NOT without incident — At the luncheon, Freddie Tryee must've thought at one point that she was Chicken Little, who thought the sky was falling. But, typical of Freddie, even having a door fall on her head (yes, it did) was not enough to rob her of her ever-present poise . . . Then, at the coffee we mentioned, Irene Parker had occasion to prove that she, too, is always in command of the situation. When her fur wrap disappeared, she left, cold-but-unruffled, without one. We understand that this all worked out when "Miss Lizzie" Edwards went to her closet the next day to get her coat and realized she had left Saturday's party with the wrong coat. And just a little shifting of fur put both ladies' wardrobes back intact.

CONGRATULATIONS to Billy and Annie (Harlan Calhoun) as well as the Calhoun boys . . . upon the promotion of the Colonel to Brigadier General. It's new Brig. Gen. William R. Calhoun and how proud we are of him. Billy and Annie were greeted with this happy news upon their arrival in the nation's capital this week. But, this is a sad note, it may prevent Billy's retirement and return to Florence in the near future as planned . . .

A DID-JA-KNOW we happened on . . . Recent Florentine Helena Wilson is doing a bang-up job for the book review section of the Richmond (Va.) Times-Dispatch . . . Her sketches are to be found in "Between the Book-Ends" on Sunday feature page . . . DELIGHTFUL . . .

AND ANOTHER . . . Charlotte and Bill Johnstone and 'teener Libby (also onetime Florentines) are also now delightful additions to the Virginia Capital City whence they took up residence in November . . . It's a like-mother-(and-father)-like-daughter story . . . with Libby's beauty and charm winning hearts wherever she goes . . . (We're continuing to wear OUR heart on our sleeve for the Johnstone three-some . . .)

OUR RECUPERATIVE LIST has some of our special favorites on it this week — SO, our prettiest bouquet to Olga Beasley and Edith Redd — and to little three-year-old Christie Boorem, who marched out ECM-way at 4:30 one morning last week (with parents Sara Elizabeth and Bud) and had her operation like a real trouper . . . Hope to see them all back in circulation, and very soon!

AND UNTIL MORE NEWS COMES THROUGH THE SPILLWAY, GOODBYE FOR NOW.

For best keeping and cooking quality, store potatoes at tempera-

tures of 45 to 50 degrees. Higher temperatures are likely to cause sprouting and shriveling. Lower temperatures may cause potatoes to develop a sweet taste because some of the starch in them changes to sugar.

Mrs. Barnwell Hostess To Hypatian Club Meet
Mrs. Foster Barnwell invited Mrs. Otto Speake to be a special guest when Hypatian Club members gathered at her home on Riverview Drive last Thursday afternoon to hear Mrs. Theodore Hubbuch's review of Carl Pfeiffer's "A Candid Portrait."

The author, known to the literary world as "a critic's critic," includes in his biographical sketch of wealthy octogenarian Somerset Maugham many of the eccentricities of the able and widely read personality.
At teatime, Mrs. Morton Southall and Mrs. Wesley Patton presided at the prettily appointed table.

William R. Calhoun has returned from a year's assignment in Indo China and with Mrs. Calhoun, the former Annie Harlan, is spending a month's leave at their cottage on the lake before going to Washington where they make their home.

Youth Week Activities

Youth Week activities in the Cumberland Presbyterian Church were climaxed on Sunday evening when the young people were in charge of the services.

On Thursday evening they had a bring-dish-dinner at the church. Jane Tucker, the daughter of Mr. and Mrs. George Tucker, gave the devotional. A film, "Footsteps of Livingstone," was shown with Jimmie Sims giving the closing meditation.

On Friday evening young people from all over McGreedy Presbytery were guests at a banquet at King Cotton in Florence where Don Reeves from Bethel College, McKensie, Tennessee, was the featured speaker.

At a carefully planned Parent-Teacher meeting on Monday evening a large group of parents, teachers and seniors heard representatives from different areas of professional life discuss "High School Products - What Society Expects."

The panel consisted of John D. Cox, Minister of Sherrard Avenue Church of Christ; L. T. Wagoner, Lauderdale County Farm Agent; Dr. James E. Bathurst, Dean of Athens College; Robert S. Tant, Personnel Director, Ford Motor Company and Fred Moore, Public Relations Director, First National Bank, Florence, with Terrell Houser, Manager, State Employment Service, Sheffield, moderating.

Come to Church for Services

"A FAMILY THAT WORSHIPS TOGETHER — STAYS TOGETHER"

NEW NEIGHBOR

When Betty Marlowe moved into our neighborhood we invited her to join the garden club and the baby sitters' club and the civic association, but it never occurred to any of us to ask her if she'd like to go to church.

Then, one Saturday, she phoned me. "My husband is often out of town on Sundays and I don't have the car when he's away," she explained. "Would you and Bill mind if I went to church with you?"

Mind! We were delighted—but I was also a little ashamed. And I wondered how many others there were in our neighborhood who would like to go to our church, if they were given the encouragement of an invitation.

From now on, I'm not waiting to be asked. I'm asking first!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Food Nutrients Balance Diet

The nutrients in food are not labeled in the grocery store. You can't go to the protein department or the vitamin A section, but it is important to know which foods contain these important elements, says Dorothy Overbey, Auburn Extension consumer education specialist.

A well-planned diet does not depend on the amount of money spent for groceries, but it does depend on a basic understanding of nutrition principles and a plan which incorporates family preferences and the food budget into meals.

To simplify the task of selecting a nutritionally adequate diet, Miss Overbey gives the following checklist. There are four basic groups including milk, meat, vegetables and fruits, and bread and cereal.

Children need three to four cups of milk each day, the specialist says. And adults require two cups or more. Cheese, cottage cheese, or ice cream can be substituted to fill the milk requirement.

The whole family needs two or more servings daily of beef, veal, pork, lamb, poultry, fish or eggs. Alternates in this category are dry beans, peas, nuts, peanuts, and peanut butter.

Four servings daily is the minimum for fruit and vegetables. Include a citrus fruit, tomatoes, or raw cabbage everyday and a dark green or deep yellow vegetable yielding vitamin A at least every other day, Miss Overbey says.

Four or more servings of whole grain or enriched bread or cereal complete the basic needs. This group may also include flour, grits, rice, macaroni, spaghetti, noodles, quick breads, and baked goods.

Wildlife Course Offered Hunters

Landowners who want to improve their hunting will be offered a three-day short course in management of both native and pen-raised game at the University of Georgia in Athens, April 9-12.

Earl Kennamer, Auburn Extension Service wildlife specialist, says that this is probably the first such all-inclusive course offered in America for laymen. Those interested in taking the course should give their names and addresses to the county agent within the next few weeks. The cost of the course is \$6.

Experienced wildlife men, all specialists in their fields will conduct the course, Kennamer says. Subjects will include native quail, wild turkey, waterfowl, dove, quail management, game bird protection, research and incubation, and pen-raised game.

Cholera Remains Top Hog Killer in U. S.

Cholera is still the nation's number one threat to the swine industry. And the loss of hogs from this disease amounts to about \$40 million in the United States each year.

Dr. Worth Lanier, Auburn Extension Service veterinarian, says that, according to USDA predictions only one-third of the hogs in this country will be vaccinated against the disease this year — entirely too few.

Several types of vaccines are available, and each of them is intended for use in different situations. Dr. Lanier recommends that hog growers secure the advice of a competent authority before beginning a vaccination program.

Unplanted Acres Financial Loss

Alabama farmers lost \$14 million last year by not planting the full allotted cotton acreage, says Foy Helms, Auburn Extension Service economist.

"Cotton growers planted or put into the soil bank only 91.8 percent of the 989,046 acres that were allotted for 1960. And the \$14 million in lint and seed on the 87,000 acres which went unplanted is a loss we can't afford," Helms says.

What can be done about the situation in 1961? The money-making opportunity will be even greater because 100,000 acres have been added to the state's total acreage allotment, making a total of 1,046,000 acres available for 1961.

RURALITE EMERGENCY PROTECTION PERSONAL ACCIDENT POLICY

Designed Especially For Our Subscribers and Their Family Household Members

This outstanding policy will help to pay those unexpected expenses for bodily injury—whether simple or serious—when accidents strike without warning at work, on the farm, at home, at school, at play, or while traveling. Here is a modern, practical, essential and economical personal accident policy prepared to give the best possible protection at the lowest possible cost that will fit the pocketbook of every family.

Each member of the family—man, woman and child—regardless of age, residence, occupation or activity—is constantly exposed to accident hazards "around the clock" and "around the calendar" and should have this valuable and helpful protection which is now available through this newspaper because of the serious accident situation which exists everywhere today. Subject to the policy provisions, it includes indemnity for Loss of Life, Loss of Limb, Loss of Sight, Total Disability, First Aid, Ambulance, Hospital and X-Ray.

The policy is issued without medical examination. There are no age limits (specific loss and total disability indemnities are reduced fifty per cent (50%) when the insured is or becomes age 70 and over.) It costs only \$5.00 per person per year, plus a first-year only registration fee of \$1.00. This averages but slightly more than a penny a day for protection everyone needs and can afford to pay. It is issued by Old Republic Life Insurance Company, Chicago, Illinois.

Telephone Talk

by **FOREST W. BRICE**
Your Telephone Manager

AM I RIGHT? The most welcome Valentine you can send on February 14th is YOU—via a Long Distance call to someone you love. Hearts and flowers and cupid's with bows and arrows are dandy, but no message is more heartwarming than your voice saying "Happy Valentine" across the miles.

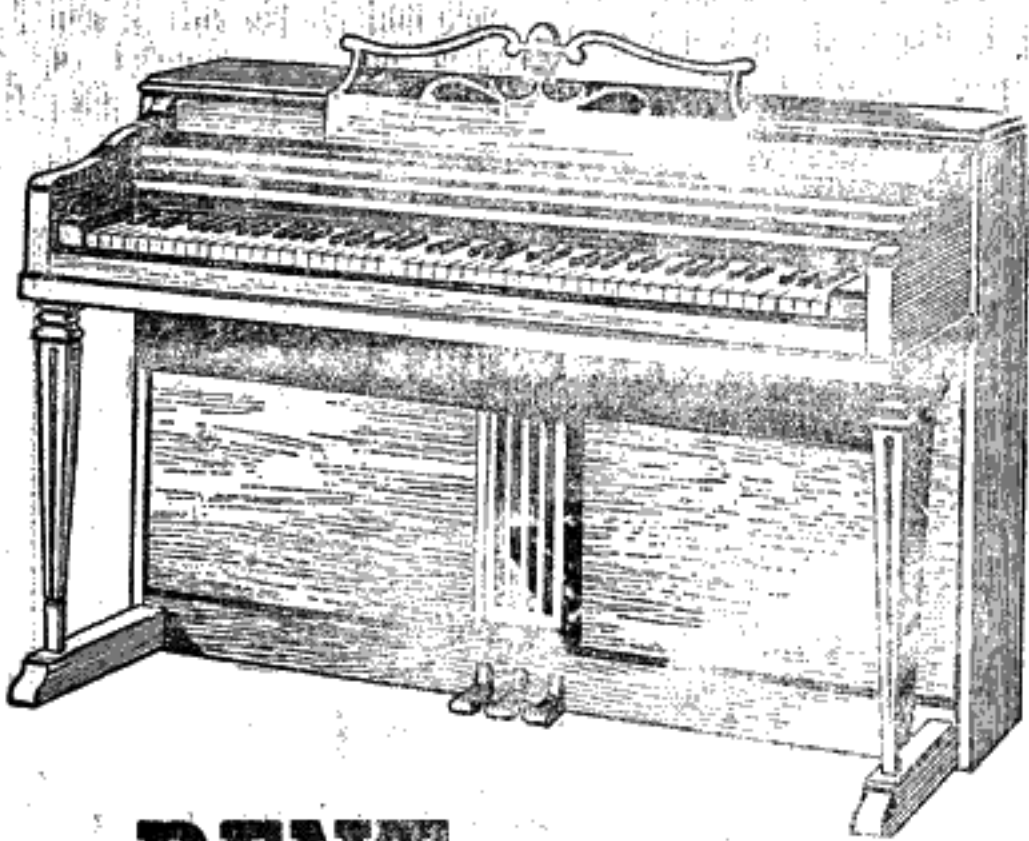

MUSIC TO YOUR EARS— Now, thanks to the new Bell Chime, your telephone can ring gently and melodiously. You can have the Bell Chime installed in the hallway, family room, or any spot you choose. The handy switch also lets you set it for a regular ring or a loud bell to reach you in distant parts of the house. Why not call our Business Office today and discover how easy and inexpensive it is to ring in a new era of happy sounds in your home.

SPEAKING OF VALENTINES— a sentimental gift that makes wonderful sense is a Princess phone. Seems to me any homemaker would be mighty happy to have a Princess extension within easy reach. In the bedroom, for instance, where it takes up almost no room on a night table. Pretty as a Valentine, too, in five colors to fit any decorating scheme, and so light it's like hefting a feather. And it lights up when you lift the receiver. How about it? Know someone special you'd like to ask to be your Princess with this lovely little phone?

I'D LIKE TO SAY A WORD about the United Fund. As you know the drive is over. The goal set this year fell short. The agencies depending upon their existence from the United Fund are appreciative of the money collected for them but I know they're a little disappointed because they will have to tell some persons in desperate circumstances, "Sorry, we're all out of money." Let's all make up our minds that NEXT YEAR we'll meet that quota the United Way.

The Smart Thing To Do

RENT A PIANO or BAND INSTRUMENT

The best way to select your new piano or a band instrument is to rent it on our convenient rental plan . . . give it every test that you can think of to prove to yourself whether it is the instrument you want . . . then you may apply your full rental payments on the purchase of the piano or band instrument. How many times has this man saved your life?

LIKE most of us, when the kids are in the car, you get that "extra careful" feeling. You know, that's the same way your friend—the service station dealer—feels when you stop by to see him.

Over the years, you've probably come to take your service station dealer pretty much for granted. But when your kids are riding with you, aren't you glad you took his advice and had your brakes checked? His suggestions—small though they may seem to be—may have saved your life more than once. His interest in your safety is more than interest in a customer—it's concern about a friend.

And what a valuable "extra" if your own service station gives you S&H Green Stamps.

You know, of course, that half the families in America save them.

Your S&H Green Stamps make it possible for you to choose from over 1,500 top-quality, famous brand-name items at your S&H Green Stamp Redemption Store.
